# **SPECIAL EDUCATIONAL NEEDS AND DISABILITY, EDUCATIONAL AND WELFARE PROVISION FOR PUPILS WITH EHC PLANS PHYSICAL DISABILITY AND ACCESSIBILITY PLAN**

**School Tier:** Ranby House (EYFS – Y6)

**Related Policies:**

WSNL - Admissions Policy

Ranby House - Curriculum Policy (assessment, feedback and reporting)

### **Aims**

Our SEN policy and information report aims to:

- Set out how our school will support and make provision for pupils with special educational needs (SEN) and disabilities
- Explain the roles and responsibilities of everyone involved in providing for pupils with SEN
- Set out the vision, values and broader aims of your school's arrangements for pupils with SEN and disabilities.

|                    |                           |                           |

| March 2024         | DJT/HC                    |                           |

## Legislation and guidance

This policy and information report is based on the statutory Special Educational Needs and Disability (SEND) Code of Practice and the following legislation:

- Part 3 of the Children and Families Act 2014, which sets out schools' responsibilities for pupils with SEN and disabilities
- The Special Educational Needs and Disability Regulations 2014, which set out schools' responsibilities for education, health and care (EHC) plans, SEN coordinators (SENCOs) and the SEN information report

## Definitions

A pupil has SEN if they have a learning difficulty or disability which calls for special educational provision to be made for them.

They have a learning difficulty or disability if they have:

- A significantly greater difficulty in learning than the majority of the others of the same age, or
- A disability which prevents or hinders them from making use of facilities of a kind generally provided for others of the same age in mainstream schools

Special educational provision is educational or training provision that is additional to, or different from, that made generally for other children or young people of the same age by mainstream schools.

## Roles and responsibilities

### The SENCO

The SENCO at Ranby House is Miss E. Farrier

They will:

- Work with the Headteacher and Deputy Head to determine the strategic development of the SEN policy and provision in the school
- Have day-to-day responsibility for the operation of this SEN policy and the co-ordination of specific provision made to support individual pupils with SEN, including those who have EHC plans
- Provide professional guidance to colleagues and work with staff, parents, and other agencies to ensure that pupils with SEN receive appropriate support and high-quality teaching
- Advise on the graduated approach to providing SEN support
- Advise on the deployment of the school's delegated budget and other resources to meet pupils' needs effectively
- Be the point of contact for external agencies, especially the local authority and its support services
- Liaise with potential next providers of education to ensure that the school meets its responsibilities under the Equality Act 2010 with regard to reasonable adjustments and access arrangements
- Ensure the school keeps the records of all pupils with SEN up to date

|                    |                           |                           |
|--------------------|---------------------------|---------------------------|
| Policy Lead: DJT   | Creation Date: 13/06/2016 | Revision due: Spring 2026 |
| Date of Amendment: | Staff Initials:           |                           |
| Autumn 2018        | JRH                       |                           |
| Summer 2020        | DJT                       |                           |
| March 2022         | DJT/HC                    |                           |
| March 2024         | DJT/HC                    |                           |

## The Headteacher

The Headteacher will:

- Work with the SENCO and Deputy Head to determine the strategic development of the SEN policy and provision within the school
- Have overall responsibility for the provision and progress of learners with SEN and/or a disability

## Class teachers

Each class teacher is responsible for:

- The progress and development of every pupil in their class
- Working closely with any teaching assistants or specialist staff to plan and assess the impact of support and interventions, and how they can be linked to classroom teaching
- Working with the SENCO to review each pupil's progress and development and decide on any changes to provision
- Ensuring they follow this SEN policy

## SEN information report

Our school currently provides additional and/or different provision for a range of needs, including:

- Communication and interaction, for example, autistic spectrum disorder, Asperger's Syndrome, speech and language difficulties
- Cognition and learning, for example, dyslexia, dyspraxia
- Social, emotional and mental health difficulties, for example, attention deficit hyperactivity disorder (ADHD)
- Sensory and/or physical needs, for example, visual impairments, hearing impairments, processing difficulties, epilepsy
- Moderate/severe/profound and multiple learning difficulties

## Identifying pupils with SEN and assessing their needs

We will assess each pupil's current skills and levels of attainment on entry, which will build on previous settings and Key Stages, where appropriate. Class teachers will make regular assessments of progress for all pupils and identify those whose progress:

- Is significantly slower than that of their peers starting from the same baseline
- Fails to match or better the child's previous rate of progress
- Fails to close the attainment gap between the child and their peers
- Widens the attainment gap

This may include progress in areas other than attainment, for example, social needs.

Slow progress and low attainment will not automatically mean a pupil is recorded as having SEN.

When deciding whether special educational provision is required, we will start with the desired outcomes, including the expected progress and attainment, and the views and the wishes of the pupil and their parents. We will use this to determine the support that is needed and whether we can provide it by adapting our core offer, or whether something different or additional is needed.

|                    |                           |                           |

| March 2024         | DJT/HC                    |                           |

## **EYFS**

When a child joins us, a member of the EYFS team will offer a home visit to liaise with parents and meet the child in the context of the family environment.

Where a child has previously attended a different childcare setting, we will endeavour to liaise with them in order to ensure a smooth transition and key information is passed on.

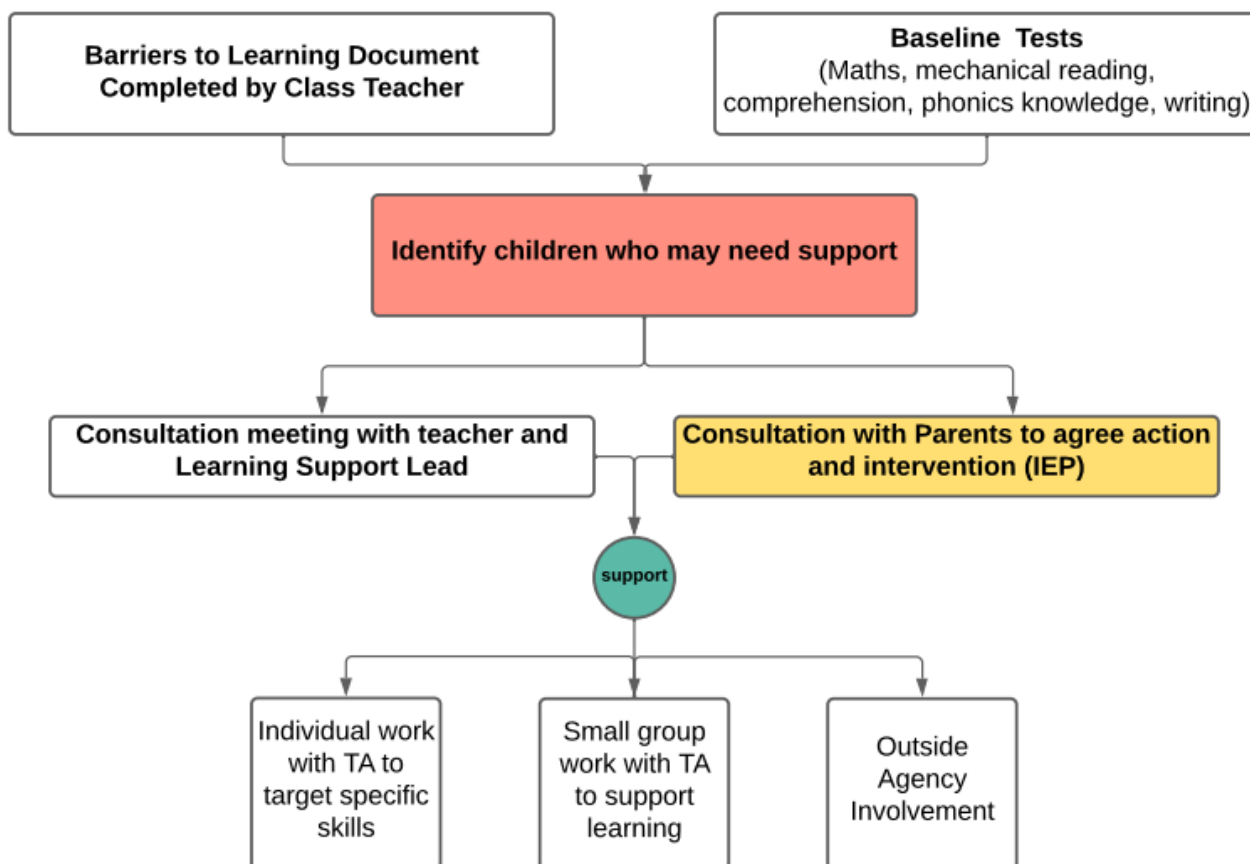

When children join us, we also ask parents to complete an “All about me” profile, so that staff have a better understanding of the child in their home environment.

Where a teacher has a concern regarding a child’s progress, this will initially be discussed with the parents before raising a concern with our Learning Support Unit for further observations to be undertaken.

If Learning Support deem it necessary, outside agencies will be contacted for further support and advice. Examples of these agencies may be speech and language, occupational therapist, health visitors.

## **Pre-Prep**

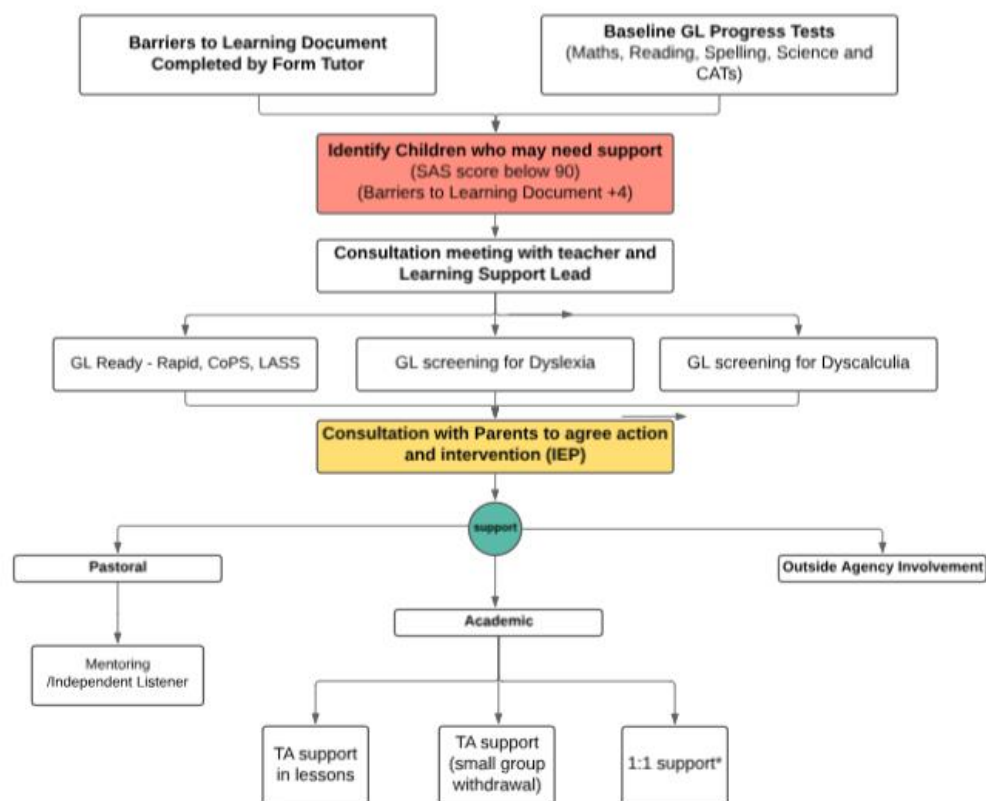

In September, (or when a new pupil joins us), baseline assessments will be performed in a number of different subjects to see where each of the children are when they join their year group. From the results, teachers will identify any children that need additional support and work alongside the LSU staff to overcome barriers and help the child to achieve to their full potential.

|                    |                           |                           |

| Policy Lead: DJT   | Creation Date: 13/06/2016 | Revision due: Spring 2026 |
| Date of Amendment: | Staff Initials:           |                           |
| Autumn 2018        | JRH                       |                           |
| Summer 2020        | DJT                       |                           |
| March 2022         | DJT/HC                    |                           |
| March 2024         | DJT/HC                    |                           |

### **Year 3 – 6:**

In September, (or when a new pupil joins us), baseline assessments will be performed in a number of different subjects. Children who achieve a Standardised Age Score of less than 90 (where 100 is average), liaise will be identified and a member of the LSU will discuss the outcomes with the child's class teacher. If the class teacher also has concerns regarding the child's results, a Dyslexia (English) or Dyscalculia (Maths) screening will be carried out for a more detailed report in where a pupil may be having difficulties in accessing their learning.

- Where support is deemed necessary on a 1:1 basis, an additional charge will be incurred

### **Individual Education Plans (IEPs) (Appendix 2)**

Any child that is identified as needing support, i.e. something different or something additional to normal curriculum teaching, will have an IEP. This is a written document that identifies specific and achievable targets to help the child progress and succeed. This document is written in conjunction with the class teacher and allows for input from the child and the parents. The document will be shared with all relevant staff so that they are aware of the child's needs and a summary of all children with an IEP will be accessible in the staff room. Each IEP will be reviewed on a termly basis, after key assessment dates and in preparation for parents' evening. Copies of these are uploaded to ISAMs by the SENCO.

**Set by:** October half term

**Reviewed and amended:** by February half term

**Reviewed and reset targets for following year** (where necessary): June

|                    |                           |                           |

| Autumn 2018        | JRH                       |                           |
| Summer 2020        | DJT                       |                           |
| March 2022         | DJT/HC                    |                           |
| March 2024         | DJT/HC                    |                           |

## **Barriers to learning**

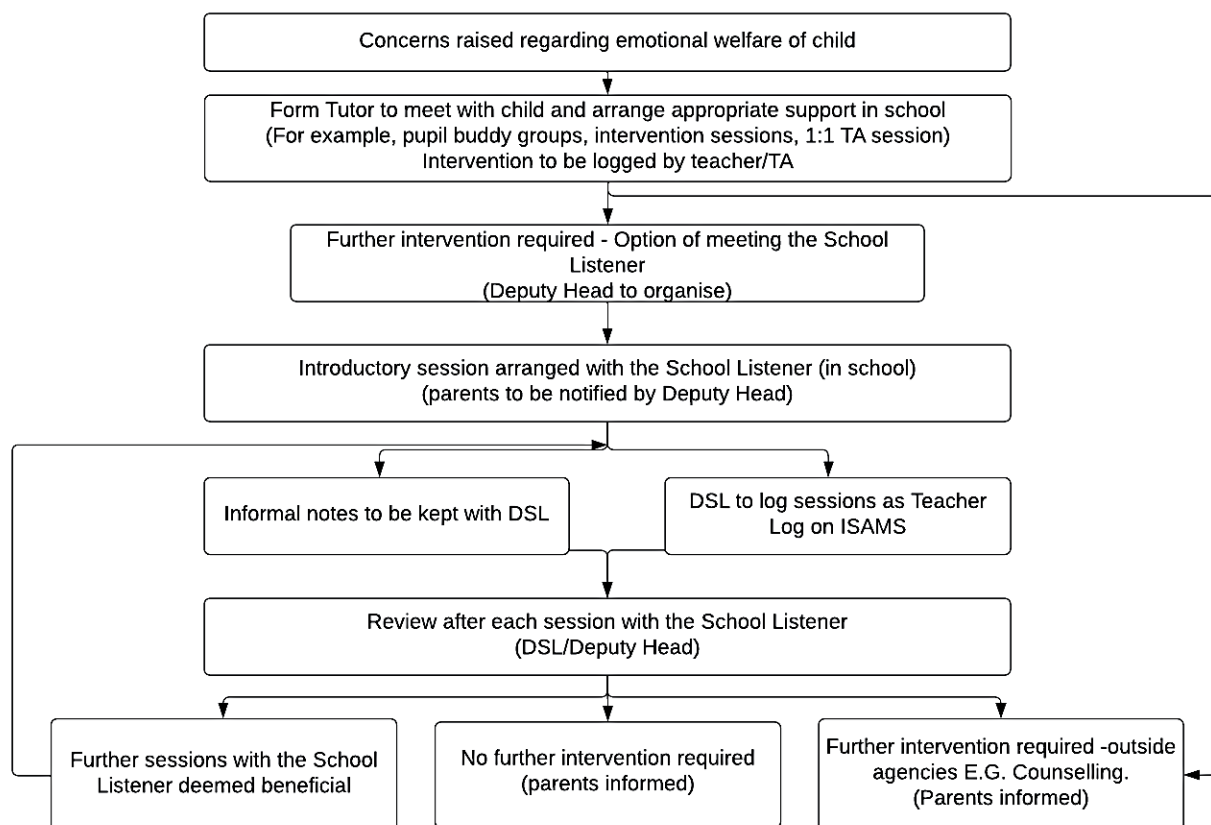

We know that children sometimes cannot reach their full potential due to a number of different external factors. Form Teachers monitor a Barriers to Learning profile (Appendix 1) for each child every half term to see if they have any external factors which can impact their ability to achieve well. This is a working document that allows staff to see what barriers each child may be facing in their day to day lives away from Academic studies.

## **Pastoral/Emotional Support**

At Ranby House, we also understand the need for children to understand and regulate their own emotions, whilst respecting the feelings of those around them. Examples of this include such things as:

- Social skills
- Emotions
- Social stories
- Anger management
- Self esteem

In order to address the emotional needs of our pupils, the following emotional support pathway is followed at Ranby House.

|                    |                           |                           |
|--------------------|---------------------------|---------------------------|
| Policy Lead: DJT   | Creation Date: 13/06/2016 | Revision due: Spring 2026 |
| Date of Amendment: | Staff Initials:           |                           |
| Autumn 2018        | JRH                       |                           |
| Summer 2020        | DJT                       |                           |
| March 2022         | DJT/HC                    |                           |
| March 2024         | DJT/HC                    |                           |

## Consulting and involving pupils and parents

We will have an early discussion with the pupil and their parents when identifying whether they need special educational provision. These conversations will make sure that:

- Everyone develops a good understanding of the pupil's areas of strength and difficulty
- We take into account the parents' concerns
- Everyone understands the agreed outcomes sought for the child
- Everyone is clear on what the next steps are

Notes of these early discussions will be added to the pupil's record on iSAMS.

## Assessing and reviewing pupils' progress towards outcomes

We will follow the graduated approach and the four-part cycle of **assess, plan, do, review**.

The class or subject teacher will work with the SENCO to carry out a clear analysis of the pupil's needs. This will draw on:

- The teacher's assessment and experience of the pupil
- Their previous progress and attainment or behaviour
- Other teachers' assessments, where relevant
- The individual's development in comparison to their peers and national data
- The views and experience of parents
- The pupil's own views
- Advice from external support services, if relevant

The assessment will be reviewed regularly with the form tutor, the parents and the child in the form of an IEP.

All teachers and support staff who work with the pupil will be made aware of their needs, the outcomes sought, the support provided, and any teaching strategies or approaches that are required. We will regularly review the effectiveness of the support and interventions, and their impact on the pupil's progress. The IEP's will be stored on the T drive for staff to access.

## Supporting pupils moving between phases and preparing for adulthood

We will share information with the school, college, or other settings the pupil is moving to. We will agree with parents and pupils which information will be shared as part of this.

## Our approach to teaching pupils with SEN

Teachers are responsible and accountable for the progress and development of all the pupils in their class.

High-quality teaching is our first step in responding to pupils who have SEN. This will be differentiated for individual pupils for example by TA support, peer support or adapted worksheets.

|                    |                           |                           |
|--------------------|---------------------------|---------------------------|
| Policy Lead: DJT   | Creation Date: 13/06/2016 | Revision due: Spring 2026 |
| Date of Amendment: | Staff Initials:           |                           |
| Autumn 2018        | JRH                       |                           |
| Summer 2020        | DJT                       |                           |
| March 2022         | DJT/HC                    |                           |
| March 2024         | DJT/HC                    |                           |

## Adaptations to the curriculum and learning environment

We make the following adaptations to ensure all pupils' needs are met:

- Differentiating our curriculum to ensure all pupils are able to access it, for example, by grouping, 1:1 work, teaching style, content of the lesson, etc.
- Adapting our resources and staffing
- Using recommended aids, such as laptops, coloured overlays, visual timetables, larger font, etc.
- Differentiating our teaching, for example, giving longer processing times, pre-teaching of key vocabulary, reading instructions aloud, etc.

## Additional support for learning – Staff

### Current Teaching Assistant provision (2023 – 2024):

|              |                              |   |
|--------------|------------------------------|---|
| Kindergarten | Miss Neal & Miss Hammond     |   |
| Nursery 1    | Mrs D'Silva                  |   |
| Nursery 2    | Mrs Kaye                     |   |
| Reception    | Mrs Fowler                   |   |
| Year 1       | Mrs Fowler/Mrs Exley         |   |
| Year 2       | Mrs Martland                 |   |
| Year 3-6     | Ms Barker, Mrs Exley, Mrs Ma | Specific LSU intervention overseen by Miss E. Farrier (Head of LSU at Ranby House.) |

Teaching assistants will support pupils on a 1:1 basis or in small groups at the class teacher's discretion..

## Evaluating the effectiveness of SEN provision

We evaluate the effectiveness of provision for pupils with SEN by:

- Reviewing pupils' individual progress towards their goals each term
- Reviewing the impact of interventions after each half term
- Using pupil questionnaires
- Monitoring by the SENCO
- Holding annual reviews for pupils with EHC plans

## Enabling pupils with SEND to engage in activities available to those in the school who do not have SEND

All of our extra-curricular activities and school visits are available to all our pupils, including our before-and after-school clubs.

All pupils are encouraged to go on our residential trip(s).

All pupils are encouraged to take part in fixtures, sports day, school plays, experience days and special workshops.

|                    |                           |                           |
|--------------------|---------------------------|---------------------------|
| Policy Lead: DJT   | Creation Date: 13/06/2016 | Revision due: Spring 2026 |
| Date of Amendment: | Staff Initials:           |                           |
| Autumn 2018        | JRH                       |                           |
| Summer 2020        | DJT                       |                           |
| March 2022         | DJT/HC                    |                           |
| March 2024         | DJT/HC                    |                           |

No pupil is ever excluded from taking part in these activities because of their SEN or disability.

### **Complaints about SEN provision**

Complaints about SEN provision in our school should be made to the SENCO in the first instance. They will then be referred to the school's complaints policy.

The parents of pupils with disabilities have the right to make disability discrimination claims to the first-tier SEND tribunal if they believe that our school has discriminated against their children. They can make a claim about alleged discrimination regarding:

- Exclusions
- Provision of education and associated services
- Making reasonable adjustments, including the provision of auxiliary aids and services

### **Monitoring arrangements**

This policy and information report will be reviewed by the SENCO and Deputy Head **every year**. It will also be updated if any changes to the information are made during the year.

### **Recording and Reporting**

All assessment data, along with the Barriers to Learning Document will be saved on the T drive for all staff to access. This is a live and working Excel Document that is constantly updated. Also on the spreadsheet are tabs for Children of Concern and an overall view of the SEN register and provision. (See below)

All information will then be updated onto ISAMS at the beginning of every term.

Any work done with pupils by the LSU department is recorded under WP SEN Log on ISAMs.

IEPs will be kept on the T drive and a copy will be attached to the child's profile in iSAMs.

|                    |                           |                           |

| March 2024         | DJT/HC                    |                           |

## **PARTICULARS OF THE EDUCATIONAL AND WELFARE PROVISION FOR PUPILS WITH EHC PLANS**

### **Context**

At Ranby House, all our children are important, and this applies to all aspects of their education – their teaching and learning, their achievements, their attitudes and their wellbeing. We encourage all our children to aim to be the “best that they can be” and we take account of each child's individual needs and experiences.

It is the entitlement of all children to access certain areas of learning, and thereby to acquire the knowledge, the understanding, the skills and the attitudes that are necessary not only for their self-fulfilment, but also for their development as responsible citizens. We seek to honour this entitlement through the education that we provide in our school.

The aim of this policy is to ensure that we meet all the needs of those children who have EHC plans.

### **Provision**

In the case of pupils who have an EHC Plan, all reasonable adjustments and adaptations are made to support a child's needs as outlined in their plan.

It is the responsibility of the SENDCO to:

- Work together with the Deputy Head, Headmaster and all other relevant staff to monitor the provision as outlined in the EHC plan and ensure that all needs are met;
- Support recruitment of one-to-one support (LSAs) where appropriate, line managing these staff;
- Ensure that all relevant staff are aware of the range of the child's strengths and difficulties and the implications for curriculum delivery;
- Coordinate and review the child's learning activities, and ensure that all staff are aware of the child's needs and the programmes to be followed;
- Offer support through the inclusion of differentiation, modification and adaptation of teaching materials and methods as appropriate;
- Manage resources and use them in the most appropriate way to meet the child's needs;
- Monitor and record the child's progress (in liaison with the child's LSA, where relevant);
- Ensure a full Annual Review takes place within 12 months of the issue of an EHC plan, and every subsequent 12 months, or sooner, if there are any serious concerns about progress, or any suggestion that the child's needs have considerably altered. This Annual Review incorporates input from the school, the child, outside agencies and the parents;
- Ensure that close and effective liaison is maintained between the School, the child's parents, the child, the local authority and any other agencies involved, in terms of a regular exchange of information about the child's work and progress.

### **Approach**

Ranby House offers a balanced approach to supporting children with EHC plans which includes one-to-one, small group teaching and/or in-class support. We liaise carefully with all relevant agencies and professionals, including but not limited to:

- Occupational Therapists
- Psychologists
- Physical Therapists Speech and Language
- Therapists
- ASD Advocate/Coaches

- Counselling General Practitioners
- Other Medical Professionals

### **Inclusion**

We value the diversity of individuals within the school and do not discriminate against any child. Each child is treated fairly, regardless of race, religion or abilities. Our Admissions Process makes provision for pupils with EHC Plans to be fully included within the admissions process at any age and we will make any necessary reasonable adjustments to support this. All pupils and their families are valued within our school. In our school we believe that all of our pupils matter. We give each child every opportunity to achieve his or her best.

## Physical Disability and Accessibility

### Aims

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which disabled pupils can participate in the curriculum
- Improve the physical environment of the school to enable disabled pupils to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to disabled pupils

Our school aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind.

Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

The school supports any available partnerships to develop and implement the plan.

Our school's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, the complaints procedure sets out the process for raising these concerns.

## 2. Legislation and guidance

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if they have a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on their ability to undertake normal day to day activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

### GENERAL

- Admission to Ranby House School depends upon a prospective pupil meeting the criteria required to maintain and, if possible to improve, the educational and general standards for all its pupils commensurate with the ethos to which the school aspires.
- The school must also feel reasonably sure that it will be able to educate and develop the prospective pupil to the best of his or her potential and in line with the general standards achieved by the pupil's peers, so that there is every chance that the pupil will have a complete, happy and successful school career and emerge a confident, well-educated and well-rounded individual with a good prospect of a satisfying life.
- These criteria must continue to be met throughout the pupil's time at the school.
- This policy should be read in conjunction with the Accessibility Plan.

|                    |                           |                           |
|--------------------|---------------------------|---------------------------|
| Policy Lead: DJT   | Creation Date: 13/06/2016 | Revision due: Spring 2026 |
| Date of Amendment: | Staff Initials:           |                           |
| Autumn 2018        | JRH                       |                           |
| Summer 2020        | DJT                       |                           |
| March 2022         | DJT/HC                    |                           |
| March 2024         | DJT/HC                    |                           |

## **ADMISSIONS**

When considering a pupil for admission to Ranby House School, the above criteria are applied to all pupils and potential pupils, regardless of any disability of which the school is aware. This is subject to the school's obligation to make reasonable adjustments not to put any disabled pupil or potential pupil at substantial disadvantage compared to any other pupil who is not disadvantaged because of disability.

Ranby House School asks parents to declare any special circumstances, such as disability, when completing the school's Acceptance Form, in respect of a prospective pupil. In assessing any pupil or prospective pupil the school may take such advice and require such assessments as it regards as appropriate, depending on the nature of the special circumstances. Subject to this, the school will be sensitive to any requests for confidentiality. Further details regarding Admissions can be found in the Admissions Policy.

## **ACCESS**

Ranby House School covers a wide area and consists of many separate, some historic and even listed buildings of several storeys and without lifts.

In the main, pupils at Ranby House School have the majority of their lessons with their class teacher. However, where there are specialists for teachers for certain subjects, each subject has a fixed classroom. The curriculum is delivered in a system that requires pupils to move to fixed classrooms for certain subjects.

The boarding facilities pose similar problems to a greater degree. It is not hard to conclude that any pupil with impaired mobility is going to be put at a disadvantage by these problems, if not prohibited altogether from access to some or all of the educational and other facilities the school offers.

Ranby House School's Accessibility Plan is seeking to remedy accessibility issues and should be studied in conjunction with this Policy.

## **DISABILITY COMMITTEE**

Should the need arise, a Disability Committee would be set up, consisting of the Headmaster, Deputy Head, Houseparents (if currently or likely to Board), Head of Learning Support, Health Care Centre and Director of PE, Games & Sport, Form Tutor, and may co-opt additional members whose expertise in any field would be of assistance. The Committee's terms of reference are:

To meet if and when required to discuss matters pertaining to the school's provision.

To review the school's policies, procedures and facilities as they are likely to affect the pupils and prospective pupils who are disabled;

To make recommendations with a view to improving the accessibility of its education in its many aspects to pupils or prospective pupils with disabilities, by means of reasonable adjustments and by planning for the future;

To review the school's Disability Policy;

To review the school's Accessibility Plan;

|                    |                           |                           |
|--------------------|---------------------------|---------------------------|
| Policy Lead: DJT   | Creation Date: 13/06/2016 | Revision due: Spring 2026 |
| Date of Amendment: | Staff Initials:           |                           |
| Autumn 2018        | JRH                       |                           |
| Summer 2020        | DJT                       |                           |
| March 2022         | DJT/HC                    |                           |
| March 2024         | DJT/HC                    |                           |

To review such plans and policies on a bi-annual basis.

The Deputy Head is responsible for Ranby House School's Accessibility Plan.

## **PHYSICAL LAY-OUT OF SCHOOL (AND ITS BOARDING FACILITIES)**

The Committee considers the extent to which the physical lay-out of Ranby House School may effectively prohibit access of pupil with physical disabilities to certain facilities.

The Committee considers ways in which access might reasonably be improved for pupils with a physical disability, bearing in mind at the same time constraints of cost and the fact that parts of Ranby House School are listed buildings.

The Committee has undertaken an audit of the physical layout of Ranby House School and identified problems which will be addressed through the Accessibility Plan.

## **EDUCATION**

The committee has considered the problems of physical access caused by the fixed classroom system.

The committee has also considered the difficulties of "access" to education generally for specified types of disability. (e.g. SPLD) It has accepted that the following adjustments can be made in order to improve "access" to learning:

Information about a potential pupil's disability may need to be obtained prior to admission in order to consider any reasonable adjustments the school needs to make.

Pupils may need allocated times for withdrawal lessons or a reduced timetable so that they do not become disadvantaged through missing subjects or having to 'catch up' with missed work.

Staff may need training/information about specific disabilities and shown strategies to use in/out of the classroom situation.

Examination/testing procedures may need to take into account the various needs of disabled pupils and provide suitable aids in exams e.g. scribes, laptops and amanuenses.

Resources – additional equipment may be necessary to support specific disabilities e.g. laptops.

Staff will need to provide 'differentiated' work and improve formats e.g. handouts, to match the needs of pupils with a disability.

Certain academic areas within the school may need some adjustment regarding safety depending on the specific disability of the pupil. Things to be considered would be safety in the science laboratories, the design workshop, the art room and the ICT suite.

## **RECREATIONAL ACTIVITIES**

The Committee has considered the impact of disability on a variety of recreational activities, both on the Ranby House School campus and further afield. Such activities include those in the enrichment programme, as well as educational visits and out of school trips (residential and non-residential):

|                    |                           |                           |
|--------------------|---------------------------|---------------------------|
| Policy Lead: DJT   | Creation Date: 13/06/2016 | Revision due: Spring 2026 |
| Date of Amendment: | Staff Initials:           |                           |
| Autumn 2018        | JRH                       |                           |
| Summer 2020        | DJT                       |                           |
| March 2022         | DJT/HC                    |                           |
| March 2024         | DJT/HC                    |                           |

Issues regarding the difficulties of “access” to the particular activities for specified types of disability have been discussed. The school’s policy on this matter is that all pupils should have access to recreational activities, where reasonably possible.

Issues such as location of hardware, access to hardware, use of resources, nature of the activity and staffing levels may have to be addressed to allow all pupils access to on-site activities.

Reasonable access to off-site educational visits will have to be determined prior to the organisation of a school visit where issues regarding health and safety will need to be assessed carefully in

Risk Assessment procedures. Staffing supervision levels, mode of transport, the environment of the destination location, layout and organisation of residential accommodation must all be assessed.

Both the pupil and his/her parents/guardians will be consulted before a final decision is made about the suitability of an activity for an individual pupil. Parents of a disabled pupil may be required to bear the cost of additional staffing provided solely for the benefit of that pupil.

## **SPORTING EDUCATION ACTIVITIES**

Whenever practicable, provision will be made for pupils with specific educational needs where it affects their performance in PE. They may have sensory difficulties, physical difficulties, cognitive limitations, and/or emotional and behavioural issues.

It is important to concentrate on pupils’ abilities and needs. This emphasis aims to improve their movement skills and helps to change feelings of disaffection, under-achievement and low self-esteem. At times it may be appropriate to have the support of a Classroom Assistant to help with the management of a particular child during PE. If this is the case, it is preferable to have the Assistant working with a group of pupils which includes the child who needs the support. Everything should be done to avoid highlighting the disabilities of any particular child.

In some cases it may not be practicable to provide sufficient physical activities within the school for a child with several disabilities so appropriate agencies should be contacted to make additional arrangements for these pupils.

## **GENERAL WELFARE**

The Committee has considered the need to be aware of the general welfare of pupils with disability. The difficulties which might arise for a variety of types of disability are similar to those for all pupils at the school. These include welfare issues such as bullying, non-integration and lack of self-esteem. In extreme circumstances these may lead to issues of physical and mental welfare, and even issues of health.

Other school policies regarding the welfare of pupils refer (when and where necessary) to pupils with disability.

## **HEALTH CARE**

The Committee has considered health provision for pupils’ varying types of disability:

There are systems in place for assessing, planning, delivering and evaluating health care, which acknowledge the pupil’s/family’s right to privacy and confidentiality, whilst allowing for the sharing of information with others, where consent from the pupil/family has been received.

|                    |                           |                           |
|--------------------|---------------------------|---------------------------|
| Policy Lead: DJT   | Creation Date: 13/06/2016 | Revision due: Spring 2026 |
| Date of Amendment: | Staff Initials:           |                           |
| Autumn 2018        | JRH                       |                           |
| Summer 2020        | DJT                       |                           |
| March 2022         | DJT/HC                    |                           |
| March 2024         | DJT/HC                    |                           |

Adjustments may be made to the timing of assessment and the formulation of care plans in order that resources are in place by the time the pupil commences school.

It is recognised that pupils with disabilities will be disadvantaged by the location and limited accommodation/facilities of the Health Care Centre and rest Centre, and this cannot currently be remedied by reasonable adjustment due to the prohibitive cost.

A member of staff will be appointed within the school to assist, build and maintain appropriate support systems for the individual child.

### **AWARENESS AND OBSERVANCE OF THE POLICY**

A review of the Accessibility Plan takes place biannually through the Senior Leadership Team.

The whole staff will be involved in the review of this Disability Policy, which will take place on a bi-annual basis.

Further information will be provided to staff in the form of INSET talks, written guidance for staff (where and when necessary) and staff meeting discussions.

## SEND, Physical Disability and Accessibility Policy (Accessibility 3-Year Plan)

### ACCESSIBILITY PLAN (Reviewed February 2024)

#### AIMS

- Routinely assess (maximum of 3 year cycle) practicable and affordable (with considerations to age and restrictions of the site) improvements to enhance accessibility for all.
- Understand that there are a range of factors which constitute 'disability'.
- To keep staff aware of the implications of catering for pupils with disabilities.
- Work alongside families and professionals to ensure children at the school can access all areas of learning.
- The needs of pupils, staff and visitors with disabilities are taken into account in all planning; ranging from daily lessons or other school activities, to the future building and renovation projects
- The educational, spiritual, moral, social and cultural development of pupils with disabilities is not compromised

#### EVALUATION

- Factors affecting people with disabilities are seen as valuable in discussions for future planning.
- Staff consider locations and classroom layouts in schemes of work, half-termly plans and lesson planning when necessary.
- Individual Accessibility Plans are agreed and implemented for individual pupils with disability, when necessary, in consultation with the school, families and other professionals.
