Our local safeguarding partnership is Nottinghamshire Safeguarding Children Partnership (NSCP). The Nottinghamshire Safeguarding Children Partnership (NSCP) provides the safeguarding arrangements under which the safeguarding partners and relevant agencies work together to coordinate their safeguarding services. Our procedures will operate in line with the locally agreed multi-agency safeguarding arrangements put in place by the safeguarding partners.

The Nottinghamshire Multi-Agency Safeguarding Hub (MASH) is the single point of contact for all professionals to report safeguarding concerns.

You can contact the MASH team in one of the following ways:

- telephone: 0300 500 80 90
- fax: 01623 483295
- email: mash.safeguarding@nottsccl.gov.uk
- online form: <http://www.nottinghamshire.gov.uk/care/safeguarding/childrens-mash/report-a-new-concern-about-a-child>
- online form: <http://www.nottinghamshire.gov.uk/care/safeguarding/reporting-abuse>
- post: MASH, Piazza, Little Oak Drive, Sherwood Business Park, Annesley Nottinghamshire NG15 0DR.

Opening hours: Monday to Thursday: 8.30am to 5pm; Friday: 8.30am to 4.30pm

MASH phone number: 0115 8042525 or

0300 500 80 90 during the following core working hours:

8.30am-5.00pm – Monday to Thursday

8.30am-4.30pm – Friday

Emergency duty team (EDT) on **0300 456 4546**

MASH Education advisor: Moira Loadman: 0115 8042525

Early Help phone number: 0115 8041248

Social Care: 0300 5008080.

The LADO is Eva Callaghan: telephone: 0115 8041272.

NSPCC helpline: **0800 800 5000**–Email: help@nspcc.org.uk

NSPCC Sexual Abuse Helpline : <https://www.nspcc.org.uk/about-us/news-opinion/2021/sexual-abuse-victims-schools-helpline/>

NSPCC whistleblowing helpline is available for staff who do not feel able to raise concerns regarding child protection failures internally. Staff can call: 0800 028 0285 – line is available from 8:00 AM to 8:00 PM, Monday to Friday

CEOP: <https://www.ceop.police.uk/Safety-Centre/>

<https://www.gov.uk/report-child-abuse-to-local-council>

This policy applies to both the Senior school and the Prep school, including the Early Years Foundation Stage. It applies wherever staff and volunteers are working with pupils, even when this is away from the College.

This policy is available to parents on the school's website and is made available to parents on request.

1. Aims – Our school's commitment to Safeguarding

The school aims to ensure that:

Appropriate action is taken in a timely manner to safeguard and promote children's welfare

All staff are aware of their statutory responsibilities with respect to safeguarding

Staff are properly trained in recognising and reporting safeguarding issues

All staff are expected to promote an inclusive, anti-discriminatory culture as part of their safeguarding responsibilities.EYFS

Prevention - ensuring all reasonable measures are taken to minimise the risk of harm to children's welfare. These include:

Teaching pupils about safeguarding through the curriculum. We include in the curriculum, activities and opportunities for PSHE, which equip students with the skills they need to stay safe from abuse and radicalisation which will help them develop realistic attitudes to the responsibilities of adult life. Also teaching of Relationship Education, Relationships and Sex Education (RSE) and Health Education through PSHE. [Relationships Education, Relationships and Sex Education \(RSE\) and Health Education.](#)

Providing pastoral support that is accessible and available to all students and ensuring that students know to whom they can talk about their concerns.

We also build awareness through the House system and assemblies. Our awareness weeks, (Diversity and Inclusion, Mental Health, Anti-Bullying, International Week) provide further opportunities to teach about safeguarding issues. These include guidance on managing behaviour to reduce risks, particularly online; building resilience to protect themselves and their peers; and providing information about who they can

turn to for help. Resources used include those from the PSHE Association, The UK Safer Internet Centre, the NSPCC, CEOP's Thinkuknow website and YoungMinds.

The safe use of technology is reinforced in all areas of the curriculum and messages are also included in school assemblies, tutorials, through external providers and during the School's Risk week or Safer Internet events. Issues such as cybercrime are tackled. Appropriate filters and monitoring systems are in place without introducing unnecessary restrictions on learning.

The school undertakes to build pupils' resilience to radicalisation by promoting fundamental British values enabling them to challenge extremist views.

2. Legislation and statutory guidance

This policy is based on the Department for Education's statutory guidance [Keeping children safe in education - GOV.UK \(www.gov.uk\)](https://www.gov.uk/government/publications/keeping-children-safe-in-education), [Working together to safeguard children 2023: statutory guidance \(publishing.service.gov.uk\)](https://publishing.service.gov.uk/government/publications/working-together-to-safeguard-children-2023-statutory-guidance) and the [Governance Handbook](#). We comply with this guidance and the arrangements agreed and published by our 3 local safeguarding partners.

This policy is also based on the following legislation:

Part 3 of the schedule to the [Education \(Independent School Standards\) Regulations 2014](#), which places a duty on academies and independent schools to safeguard and promote the welfare of pupils at the school

[The Children Act 1989](#) (and [2004 amendment](#)), which provides a framework for the care and protection of children

Section 5B(11) of the Female Genital Mutilation Act 2003, as inserted by section 74 of the [Serious Crime Act 2015](#), which places a statutory duty on teachers to report to the police where they discover that female genital mutilation (FGM) appears to have been carried out on a girl under 18

[Statutory guidance on FGM](#), which sets out responsibilities with regards to safeguarding and supporting girls affected by FGM

[The Rehabilitation of Offenders Act 1974](#), which outlines when people with criminal convictions can work with children

Schedule 4 of the [Safeguarding Vulnerable Groups Act 2006](#), which defines what 'regulated activity' is in relation to children

[Statutory guidance on the Prevent duty](#), which explains schools' duties under the Counter-Terrorism and Security Act 2015 with respect to protecting people from the risk of radicalisation and extremism

[The Human Rights Act 1998](#), which explains that being subjected to harassment, violence and/or abuse, including that of a sexual nature, may breach any or all of the rights which apply to individuals under the [European Convention on Human Rights](#) (ECHR)

[The Equality Act 2010](#), which makes it unlawful to discriminate against people regarding particular protected characteristics (including disability, sex, sexual orientation, gender reassignment and race). This means our governors and headteacher should carefully consider how they are supporting their pupils with regard

to these characteristics. The Act allows our school to take positive action to deal with particular disadvantages affecting pupils (where we can show it's proportionate). This includes making reasonable adjustments for disabled pupils. For example, it could include taking positive action to support girls where there's evidence that they're being disproportionately subjected to sexual violence or harassment

[The Public Sector Equality Duty \(PSED\)](#), which explains that we must have due regard to eliminating unlawful discrimination, harassment and victimisation. The PSED helps us to focus on key issues of concern and how to improve pupil outcomes. Some pupils may be more at risk of harm from issues such as sexual violence; homophobic, biphobic or transphobic bullying; or racial discrimination

The [Childcare \(Disqualification\) and Childcare \(Early Years Provision Free of Charge\) \(Extended Entitlement\) \(Amendment\) Regulations 2018](#) (referred to in this policy as the "2018 Childcare Disqualification Regulations") and [Childcare Act 2006](#), which set out who is disqualified from working with children

This policy also meets requirements relating to safeguarding and welfare in the [statutory framework for the Early Years Foundation Stage](#).

This policy is in accordance with inter-agency procedures agreed with the Nottinghamshire Safeguarding Children Partnership and follows the guidelines and recommendations of the DfE publication "Keeping Children Safe in Education 2026" and "Working Together to Safeguard Children 2023". Nottinghamshire procedures can be located at the following address: <https://nottinghamshirescb.proceduresonline.com/>

3. Roles and responsibilities

Safeguarding and child protection is **everyone's** responsibility. This policy applies to all staff, volunteers and governors in the school and is consistent with the procedures of the Nottinghamshire safeguarding partners. Our policy and procedures also apply to extended school and off-site activities.

3.1 All staff

All staff, including those who do not work directly with children, are required to read Part One of Keeping Children Safe in Education 2026 in full. The School will maintain records to demonstrate that staff have read, understood and implemented the safeguarding requirements set out within KCSIE 2026.

All staff will be aware of:

Our systems which support safeguarding, including this child protection and safeguarding policy, the staff code of conduct, the role and identity of the designated safeguarding lead (DSL) and deputies, the behaviour policy, the online safety policy and the safeguarding response to children who go missing from education

The early help process and their role in it, including identifying emerging problems, liaising with the DSL, and sharing information with other professionals to support early identification and assessment

The process for making referrals to local authority children's social care and for statutory assessments that may follow a referral, including the role they might be expected to play

What to do if they identify a safeguarding issue or a child tells them they are being abused or neglected, including specific issues such as FGM, and how to maintain an appropriate level of confidentiality while liaising with relevant professionals

The signs of different types of abuse, neglect and exploitation, as well as specific safeguarding issues, such as child sexual exploitation (CSE), child criminal exploitation (CCE), indicators of being at risk from or involved with serious violent crime, FGM and radicalisation

The need to reassure victims that they are being taken seriously and will be supported and kept safe

The fact that children can be at risk of harm inside and outside of their home, at school and online

The fact that children who are (or who are perceived to be) lesbian, gay, bi or trans (LGBT) can be targeted by other children

The fact that racism, faith-based prejudice and other discriminations is recognized as harm in its own right

What to look for to identify children who need help or protection

3.2 The designated safeguarding lead (DSL)

The DSL is a member of the senior leadership team. Our DSL is Mark Pymm, Assistant Deputy Head Pastoral. The DSL takes lead responsibility for child protection and wider safeguarding.

During term time at the College, the DSL will be available during school hours for staff to discuss any safeguarding concerns. The same arrangements are in place during any period of lockdown, due to COVID-19.

Out of school hours, the DSL can be contacted via email (m.pymm@wsnl.co.uk). In addition there is a confidential, shared safeguarding inbox for both Worksop College and Ranby House- (worksopcollegesafeguarding@wsnl.co.uk) & (ranbyhousesafeguarding@wsnl.co.uk). When the DSL is absent, the deputies Ian Parkin, Charlotte Futter, Erin Skelton, Mathias Mora and Emma Scoular will act as cover.

If the DSL and deputies are not available, Mr Charles Bailey, Headmaster at the College, and David Thorpe at the prep school, will act as cover (for example, during out-of-hours/out-of-term activities).

At Ranby House, including the EYFS department, Sophie McClean should be the point of contact for safeguarding concerns. In his absence, Helen Clark will act as cover.

The DSL will be given the time, funding, training, resources and support to:

Provide advice and support to other staff on child welfare and child protection matters

Take part in strategy discussions and inter-agency meetings and/or support other staff to do so

Contribute to the assessment of children

Refer suspected cases, as appropriate, to the relevant body (local authority children's social care, Channel programme, Disclosure and Barring Service, and/or police), and support staff who make such referrals directly

Have a good understanding of harmful sexual behaviour

The DSL will also:

- Keep the headmasters informed of any issues, and liaise with local authority case managers and designated officers for child protection concerns as appropriate.
- Discuss the local response to sexual violence and sexual harassment with police and local authority children's social care colleagues to prepare the school's policies
- Be confident that they know what local specialist support is available to support all children involved (including victims and alleged perpetrators) in sexual violence and sexual harassment, and be confident as to how to access this support
- Be aware that children must have an 'appropriate adult' to support and help them in the case of a police investigation or search
- The DSL will ensure that safeguarding arrangements reflect Family Help processes, Nottinghamshire Pathway to Provision guidance and local multi-agency safeguarding arrangements.
- The DSL will ensure that safeguarding risks relating to artificial intelligence, deepfakes, image-based abuse, online exploitation and emerging technologies are reflected within training, policy and practice.

The full responsibilities of the DSL and deputies are set out in their job description.

3.3 Governors

Governors have ultimate and collective responsibility for ensuring students' wellbeing, which encompasses safeguarding. Their responsibilities include:

- ensuring that the School has a Policy and Procedures known to all staff and Governors, that are in accordance with Local Authority and inter-agency procedures and that these are made available to parents on request; carrying out a review of this Policy and these Procedures annually in the Autumn term and following any serious incident report to the Charity Commission; undertaking monitoring to ensure effective implementation of the Policy and Procedures through:
 - i. the receipt of termly safeguarding reports from the Designated Safeguarding Lead and through informal and on-going discussion with staff which must cover staff training (including the DSL and Heads); the steps being taken to listen to students; any referrals to children's services (anonymised) in respect of the promotion of welfare; any referrals to the LADO in respect of staff/volunteers; and specific themes arising from these or elsewhere in the school and steps taken as a result;
 - ii. enquiry of staff about their knowledge of the Policy and Procedures;
 - iii. checking that staff have received regular safeguarding training

(and that online safety training for staff is considered as part of the overarching safeguarding approach);

- approving the DSL's job descriptions which include the key activities of the role;
- ensuring that they know how children are taught about safeguarding, including online safety, through the curriculum and PSHEE.
- all governors will read Keeping Children Safe in Education.
- ensuring the leadership team and relevant staff are aware of and understand the IT filters and monitoring systems in place, manage them effectively and know how to escalate concerns
- ensuring that filtering and monitoring systems are reviewed formally at least annually and that records of review, actions and recommendations are maintained
- ensuring that safeguarding arrangements appropriately address online harms, artificial intelligence, deepfakes and emerging technologies
- ensuring all staff read Part One of KCSIE 2026 in full

3.4 The Headmaster

The Headmaster is responsible for the implementation of this policy, including:

Ensuring that staff (including temporary staff) and volunteers are informed of our systems which support safeguarding, including this policy, as part of their induction

Ensuring that staff should understand and follow the procedures included in the policy, particularly those concerning referrals of cases of suspected abuse, neglect and exploitation

Communicating this policy to parents when their child joins the school and via the school website

Ensuring that the DSL has appropriate time, funding, training and resources, and that there is always adequate cover if the DSL is absent

Ensuring that all staff undertake appropriate safeguarding and child protection training and clarify that this is updated regularly

Acting as the 'case manager' in the event of an allegation of abuse made against another member of staff or volunteer, where appropriate (see appendix 1)

- Ensuring the relevant staffing ratios are met, where applicable
- Making sure each child in the Early Years Foundation Stage is assigned a key person

4. Confidentiality

Please refer to the separate policy 'Policy for pupils on confidentiality issues

It is recommended that education professionals read the DFE Data Protection Guidance [Data protection in schools - Guidance - GOV.UK \(www.gov.uk\)](https://www.gov.uk/guidance/data-protection-in-schools)

Timely information sharing is essential to effective safeguarding

Fears about sharing information must not be allowed to stand in the way of the need to promote the welfare, and protect the safety, of children

The Data Protection Act (DPA) 2018 and GDPR do not prevent, or limit, the sharing of information for the purposes of keeping children safe

If staff need to share 'special category personal data', the DPA 2018 contains 'safeguarding of children and individuals at risk' as a processing condition that allows practitioners to share information without consent if it is not possible to gain consent, it cannot be reasonably expected that a practitioner gains consent, or if to gain consent would place a child at risk

Staff should never promise a child that they will not tell anyone about a report of abuse, as this may not be in the child's best interests

➤ If a victim asks the school not to tell anyone about the sexual violence or sexual harassment:

- There's no definitive answer, because even if a victim doesn't consent to sharing information, staff may still lawfully share it if there's another legal basis under the UK GDPR that applies
- The DSL will have to balance the victim's wishes against their duty to protect the victim and other children
- The DSL should consider that:
 - Parents or carers should normally be informed (unless this would put the victim at greater risk)
 - The basic safeguarding principle is: if a child is at risk of harm, is in immediate danger, or has been harmed, a referral should be made to local authority children's social care
 - Rape, assault by penetration and sexual assault are crimes. Where a report of rape, assault by penetration or sexual assault is made, this should be referred to the police. While the age of criminal responsibility is 10, if the alleged perpetrator is under 10, the starting principle of referring to the police remains

➤ Regarding anonymity, all staff will:

- Be aware of anonymity, witness support and the criminal process in general where an allegation of sexual violence or sexual harassment is progressing through the criminal justice system
- Do all they reasonably can to protect the anonymity of any children involved in any report of sexual violence or sexual harassment, for example, carefully considering which staff should know about the report, and any support for children involved
- Consider the potential impact of social media in facilitating the spreading of rumours and exposing victims' identities

The government's [information sharing advice for safeguarding practitioners](#) includes 7 'golden rules' for sharing information, and will support staff who have to make decisions about sharing information

If staff are in any doubt about sharing information, they should speak to the designated safeguarding lead (or deputy)

Confidentiality is also addressed in this policy with respect to record-keeping in section 11, and allegations of abuse against staff in section 8

5. Training and Support

5.1 All staff

All staff will receive Safeguarding Training (if possible from Nottinghamshire County Council) every two years as well as any new legislative updates as required.

To ensure that: all staff, must understand the role of the DSL

- all staff, including Governors, receive and read Part 1 KCSIE September 2026 and appropriate confirmation of this is recorded and that mechanisms are in place to assist staff to understand and discharge their role and responsibilities as set out in Part One
- all staff, including Governors, receive the Child Protection and Safeguarding Policy
- all staff receive a copy of The Prevent Duty

Induction Training

All new staff, including Governors, temporary staff and volunteers, must be provided with induction training that includes:

- the school's Safeguarding and Child Protection Policy
- the Code of Conduct, including the Whistleblowing Procedure
- the identity and role of the Designated Safeguarding Lead and any Deputy Designated Safeguarding Lead
- a copy of Part 1 KCSIE September 2026
- KCSIE Annex B (school leaders and those who work directly with children)
- Prevent
- Behaviour Policy
- ICT Acceptable Use Policy
- Online Safety Training, including training on the expectations, applicable roles and responsibilities in relation to filtering and monitoring
- Schools Response to Children who go missing from Education
- Safeguarding training will include emerging safeguarding risks associated with artificial intelligence, deepfake technology, image-based abuse, online exploitation, misinformation and disinformation.

All staff are made aware of their role in the early help process and are aware of the process for making referrals to children's social care

All staff know what to do if a child tells them he/she is being abused, exploited or neglected

All staff are trained to reassure victims that they are being taken seriously and that they will be supported and kept safe so that no victim will be given the impression that

they are creating a problem by reporting abuse, sexual violence or sexual harassment and no victim will ever be made to feel ashamed for making a report

Staff undertake termly or half-termly top up training using EduCare online duty of care courses. These are available to all staff and staff are guided to take courses based on current themes or incidents within the school or local community

All staff will be trained on how to manage a report of child-on-child sexual violence and harassment.

5.2 The DSL and deputies

- the DSL and DDSs undertake local safeguarding partner arrangements training (Levels I and II) and undertake regular updates once every two years as a minimum to include inter-agency working plus any additional training to remain compliant with new guidance and legislation.
- the DSL undertakes Allegations Against staff training
- the DSL manages and delivers Induction Safeguarding and Child Protection training for all staff who work with children and keep records of this training. Any new legislation or updates will be communicated to staff on a regular (at least annual) basis either electronically or through Inset (or both).

In addition, they will update their knowledge and skills at regular intervals and at least annually (for example, through e-bulletins, meeting other DSLs, or taking time to read and digest safeguarding developments).

They will also undertake Prevent awareness training.

5.3 Governors

All governors receive training about safeguarding, to make sure they have the knowledge and information needed to perform their functions and understand their responsibilities, such as providing professional challenge. They need to be assured that safeguarding policies and procedures are effective and support the school to deliver a robust whole-school approach to safeguarding.

As the chair of governors may be required to act as the 'case manager' in the event that an allegation of abuse is made against the headmaster, they receive training in managing allegations for this purpose.

5.4. Recruitment – interview panels

At least one person conducting any interview for a post at the school will have undertaken safer recruitment training. This will cover, as a minimum, the contents of the Department for Education's statutory guidance, Keeping Children Safe in Education, and will be in line with local safeguarding procedures.

See appendix 1 of this policy for more information about our safer recruitment procedures.

6. Online safety and the use of mobile technology

We recognise the importance of safeguarding children from potentially harmful and inappropriate online material, and we understand that technology is a significant component in many safeguarding and wellbeing issues.

To address this, our school aims to:

- Have robust processes in place to ensure the online safety of pupils, staff, volunteers and governors
- Protect and educate the whole school community in its safe and responsible use of technology, including mobile and smart technology (which we refer to as 'mobile phones')
- Set clear guidelines for the use of mobile phones for the whole school community
- Establish clear mechanisms to identify, intervene in and escalate any incidents or concerns, where appropriate

The 4 key categories of risk

Our approach to online safety is based on addressing the following categories of risk:

- **Content:** being exposed to illegal, inappropriate, or harmful content, for example: pornography, racism, misogyny, misandry, self-harm, suicide, anti-Semitism, radicalisation, extremism, misinformation, disinformation (including fake news) and conspiracy theories. **Artificial intelligence generated content, deepfakes, nudification applications, misinformation, disinformation, and conspiracy theories.**
- **Contact** – being subjected to harmful online interaction with other users, such as peer-to-peer pressure, commercial advertising and adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial or other purposes
- **Conduct** – personal online behaviour that increases the likelihood of, or causes, harm, such as making, sending and receiving explicit images (e.g. consensual and non-consensual sharing of nudes and semi-nudes and/or pornography), sharing other explicit images and online bullying; and
- **Commerce** – risks such as online gambling, inappropriate advertising, phishing and/or financial scams
- **Artificial Content and Emerging Technologies**

The School recognises that advances in artificial intelligence present both educational opportunities and safeguarding risks.

Risks may include:

- AI-generated child abuse imagery
- deepfake photographs and videos
- nudification applications
- image-based abuse
- AI-enabled grooming
- misinformation and disinformation

Safeguarding concerns involving artificial intelligence will be managed in accordance with child protection procedures and child-on-child abuse procedures where appropriate.

To meet our aims and address the risks above we will:

Educate pupils about online safety as part of our curriculum. For example:

- The safe use of social media, the internet and technology
- Keeping personal information private
- How to recognise unacceptable behaviour online
- How to report any incidents of cyber-bullying, ensuring pupils are encouraged to do so, including where they are a witness rather than a victim
- Train staff, as part of their induction, on safe internet use and online safeguarding issues including cyber-bullying and the risks of online radicalisation. All staff members will receive refresher training at least once each academic year
- Educate parents/carers about online safety via our website, communications sent directly to them and during parents' evenings. We will also share clear procedures with them so they know how to raise concerns about online safety
- Make sure staff are aware of any restrictions placed on them with regards to the use of their mobile phone and cameras, for example that:
 - Staff are allowed to bring their personal phones to school for their own use, but will limit such use to non-contact time when pupils are not present
 - Staff will follow the guidance in the 'Taking, Storing and Using Images' policy if using their own devices
- Make all pupils, parents/carers, staff, volunteers and governors aware that they are expected to sign an agreement regarding the acceptable use of the internet in school, use of the school's ICT systems and use of their mobile and smart technology
- Explain the sanctions we will use if a pupil is in breach of our policies on the acceptable use of the internet and mobile phones
- Make sure all staff, pupils and parents/carers are aware that staff have the power to search pupils' phones, as set out in the [DfE's guidance on searching, screening and confiscation](#)
- Put in place robust filtering and monitoring systems to limit children's exposure to the 4 key categories of risk (described above) from the school's IT systems
- Carry out an annual review of our approach to online safety, supported by an annual risk assessment that considers and reflects the risks faced by our school community

For comprehensive details about our school's policy on online safety and the use of mobile phones, please refer to our:

ICT Policy

Mobile Technology Use Guidelines

Taking Storing and Using Images

ICT Acceptable Use Policy

Mobile phones and cameras

Staff are allowed to bring their personal phones to school for their own use, but will limit such use to non-contact time when pupils are not present. Staff members' personal phones will remain in their bags or cupboards during contact time with pupils.

Staff will not take pictures or recordings of pupils on their personal phones or cameras wherever possible.

We will follow the General Data Protection Regulation and Data Protection Act 2018 when taking and storing photos and recordings for use in the school.

All staff will follow the Taking, Storing and Using Images Policy. Staff working at the EYFS must follow the procedures laid out in the Mobile Phone Camera Policy EYFS.

EYFS Mobile Phones

At Ranby House, staff who teach EYFS must ensure that their mobile phones/devices are left inside their bag or in their pigeon hole throughout contact time with children. Staff bags should be placed in the staff room.

We allow staff to bring in personal mobile telephones and devices for their own use. Staff bringing personal devices into the building must ensure there is no inappropriate or illegal content on the device.

Mobile phone calls may only be taken at staff breaks or in staff members' own time. If staff have a personal emergency they are free to use the school's phone or make a personal call from their mobile either in the car park or in the staff room (where no children are present).

If any member of staff has a family emergency or similar and require to keep their mobile phone to hand, prior permission must be sought from the Head of Pre-Prep.

Staff need to ensure that the school has up to date contact information and that staff make their families, children's schools etc., aware of emergency work telephone numbers. This is the responsibility of the individual staff member.

Photographic equipment

Ranby House does not allow any images to be taken on personal phones/cameras/devices at any time.

Photographs/videos are taken for the purpose of recording a child or group of children participating in activities or celebrating their achievements. Only school cameras or school devices may be used for this purpose. It is an effective form of recording their progression in EYFS. They are used to inform their 'tapestry' assessment. They may also be used on our website, social media and/or by the local press with permission from the parents. However, it is essential that photographs/video are taken and stored appropriately to safeguard the children in our care.

Only the designated school cameras, iPads and ProBooks are to be used to take any photographs or video clips within school or on outings. Images taken on these cameras must be deemed suitable without putting the children in any compromising positions that could cause embarrassment or distress.

All equipment should be stored overnight within the building.

Images taken and stored on the device must be downloaded as soon as possible, ideally once a week. It is the joint responsibility of all EYFS staff to do this. Photographs should then be stored on the T drive of the network to ensure only staff members have access to them. These files should be clearly labelled for effective use. These images will be monitored by the ICT department. At no time should images be removed from the school.

Under no circumstances must cameras of any kind be taken into the washrooms. If photographs need to be taken in a bathroom, i.e. photographs of the children washing their hands, then the Head of Pre-Prep must be asked first and staff be supervised whilst carrying out this kind of activity. At all times the camera must be placed in a prominent place where it can be seen.

Failure to adhere to the contents of this policy will lead to disciplinary procedures being followed.

7. Equality statement

Some children have an increased risk of abuse, and additional barriers can exist for some children with respect to recognising or disclosing it. We are committed to anti-discriminatory practice and recognise children's diverse circumstances. We ensure that all children have the same protection, regardless of any barriers they may face.

We give special consideration to children who:

Have special educational needs (SEN), health conditions or disabilities

Are young carers

May experience discrimination due to their race, ethnicity, religion, gender identification or sexuality

Have English as an additional language

Are known to be living in difficult situations – for example, temporary accommodation or where there are issues such as substance abuse or domestic violence

Are at risk of FGM, sexual exploitation, forced marriage, or radicalisation

Are asylum seekers

Are at risk due to either their own or a family member's mental health needs

Are looked after or previously looked after

Are missing from education

Have parents who have expressed an intention to educate them at home

7.1. Pupils with special educational needs and disabilities

We recognise that pupils with special educational needs (SEN) and disabilities can face additional safeguarding challenges. Additional barriers can exist when recognising abuse, neglect and exploitation in this group, including:

Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration

Pupils being more prone to peer group isolation than other pupils

The potential for pupils with SEN and disabilities being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs

Communication barriers and difficulties in overcoming these barriers

We will be alert to the extra vulnerabilities these pupils may face due to the residential nature of our setting

7.2. Pupils with a social worker

Children may need a social worker due to safeguarding or welfare needs. Children may need this help due to abuse, neglect and complex family circumstances. A child's experiences of adversity and trauma can leave them vulnerable to further harm, as well as educationally disadvantaged in facing barriers to attendance, learning, behaviour, and mental health.

- Local authorities should share the fact a child has a social worker, and the designated safeguarding lead should hold and use this information so that decisions can be made in the best interests of the child's safety, welfare, and educational outcomes. This should be considered as a matter of routine.
- Where children need a social worker, this should inform decisions about safeguarding (for example, responding to unauthorised absence or missing education where there are known safeguarding risks) and about promoting welfare (for example, considering the provision of pastoral and/or academic support, alongside action by statutory services).
- We offer extra pastoral support for these pupils, including close monitoring through the tutor / HSM and HCC

7.3 Looked-after and previously looked-after children

We will ensure that staff have the skills, knowledge and understanding to keep looked-after children and previously looked-after children safe. In particular, we will ensure that:

We promote the educational achievement of looked-after and previously looked-after child

Appropriate staff have relevant information about children's looked after legal status, contact arrangements with birth parents or those with parental responsibility, and care arrangements

The DSL has details of children's social workers

We have an appropriately trained SENCO, to take the lead on promoting the educational achievement of looked-after and previously looked-after children.

As part of their role, they will:

Work closely with the DSL to ensure that any safeguarding concerns regarding looked-after and previously looked-after children are quickly and effectively responded to.

7.4 Children Requiring Mental Health Support

The School recognises that mental health concerns can be an indicator that a child has suffered or is at risk of abuse, neglect, exploitation or trauma.

Staff will remain alert to:

- self-harm
- suicidal ideation
- emotionally based school avoidance
- anxiety disorders
- trauma-related behaviour

Safeguarding and mental health concerns will be considered together and referrals made where appropriate through internal and external support pathways.

7.5 Young carers

The School recognises that young carers may face additional safeguarding vulnerabilities and barriers to learning, attendance and wellbeing.

Young carers will be identified wherever possible and appropriate support offered to minimise the impact of caring responsibilities on education, welfare and emotional wellbeing.

7.6 Children with Medical Conditions

The School recognises that children with medical conditions may experience increased vulnerability and may require additional safeguarding support.

The School will work closely with healthcare professionals, parents and carers to ensure appropriate arrangements are in place to safeguard and promote welfare.

7.7 Gender-Questioning Children

The School recognises that children who are questioning their gender may experience increased vulnerability, bullying, social isolation, online harms and mental health difficulties.

Each situation will be considered individually and safeguarding decisions will be made in accordance with current legislation, statutory guidance and the best interests of the child.

The School will work collaboratively with parents, carers and external agencies where appropriate while maintaining safeguarding as the paramount consideration.

<https://www.nottinghamshire.gov.uk/nscp/policy-procedures-and-guidance>

8. What is Safeguarding and Child Protection

Safeguarding and promoting the welfare of children means:

Providing help and support to meet the needs of children as soon as problems emerge

Protecting children from maltreatment, inside or outside the home, including online

Preventing impairment of children's mental and physical health or development

Ensuring that children grow up in circumstances consistent with the provision of safe and effective care

Taking action to enable all children to have the best outcomes

Child protection is part of this definition and refers to activities undertaken to prevent children suffering, or being likely to suffer, significant harm.

Abuse is a form of maltreatment of a child, and may involve inflicting harm or failing to act to prevent harm. Harm can include children witnessing the ill-treatment of others, particularly when children see, hear or experience domestic abuse and its effects.

Abuse, including neglect, and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases, multiple issues will overlap.

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Emotional abuse may involve:

- Conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person
- Not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate
- Age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction

- Seeing or hearing the ill-treatment of another
- Serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children

Sexual abuse involves forcing, causing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve:

- Physical contact, including assault by penetration (for example rape or by penetration an object) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside
- Non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet)

Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Children are more likely to know their abuser than not.

Under 13s can never legally consent to sexual activity.child

Neglect is a form of abuse and is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development.

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse.

Once a child is born, neglect may involve a parent or carer failing to:

- Provide adequate food, clothing and shelter (including exclusion from home or abandonment)
- Protect a child from physical and emotional harm or danger
- Ensure adequate supervision (including the use of inadequate care-givers)
- Ensure access to appropriate medical care or treatment

It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Faith-targeted abuse and racism can significantly affect a child's welfare, wellbeing and sense of security.

Sharing of nudes and semi-nudes (also known as youth produced sexual imagery/sexting) is the sharing of sexual imagery (photos or videos) by children

Children includes everyone under the age of 18.

The following 3 **safeguarding partners** are identified in Keeping Children Safe in Education (and defined in the Children Act 2004, as amended by chapter 2 of the Children and Social Work Act 2017). They will make arrangements to work together to safeguard and promote the welfare of local children, including identifying and responding to their needs:

The local authority (LA)

A clinical commissioning group for an area within the LA

The chief officer of police for a police area in the LA area

Specific Safeguarding Issues

Child abduction and community safety incidents

Child abduction is the unauthorised removal or retention of a minor from a parent or anyone with legal responsibility for the child. Child abduction can be committed by parents or other family members; by people known but not related to the victim (such as neighbours, friends and acquaintances); and by strangers.

Other community safety incidents in the vicinity of a school can raise concerns amongst children and parents, for example, people loitering nearby or unknown adults engaging children in conversation.

As children get older and are granted more independence (for example, as they start walking to school on their own) it is important they are given practical advice on how to keep themselves safe. Many schools provide outdoor-safety lessons run by teachers or by local police staff.

It is important that lessons focus on building children's confidence and abilities rather than simply warning them about all strangers. Further information is available at: www.actionagainstabduction.org and www.clevernevergoes.org.

Children and the court system

Children are sometimes required to give evidence in criminal courts, either for crimes committed against them or for crimes they have witnessed. There are two age-appropriate guides to support children 5-11-year olds and 12-17 year olds.

The guides explain each step of the process, support and special measures that are available. There are diagrams illustrating the courtroom structure and the use of video links is explained.

Making child arrangements via the family courts following separation can be stressful and entrench conflict in families. This can be stressful for children. The Ministry of Justice has launched an online child arrangements information tool with clear and concise information on the dispute resolution service. This may be useful for some parents and carers.

Children absent from education

A child who is absent from education, particularly repeatedly, or has unexplainable and/or persistent absences from education, can be a warning sign of a range of safeguarding issues. This might include abuse or neglect, such as sexual abuse or exploitation or child criminal exploitation, or issues such as mental health problems, substance abuse, radicalisation, FGM or forced marriage.

There are many circumstances where a child may become absent from education, but some children are particularly at risk. These include children who:

- Are at risk of harm or neglect
- Are at risk of forced marriage or FGM

- Come from Gypsy, Roma, or Traveller families
- Come from the families of service personnel
- Go missing or run away from home or care
- Are supervised by the youth justice system
- Cease to attend a school
- Come from new migrant families

We will follow our procedures for unauthorised absence and for dealing with children who are absent from education, particularly on repeat occasions, to help identify the risk of abuse, neglect and exploitation, including sexual exploitation, and to help prevent the risks of going missing in future. This includes informing the local authority if a child leaves the school without a new school being named, and adhering to requirements with respect to sharing information with the local authority, when applicable, when removing a child's name from the admission register at non-standard transition points.

Staff will be trained in signs to look out for and the individual triggers to be aware of when considering the risks of potential safeguarding concerns which may be related to being missing, such as travelling to conflict zones, FGM and forced marriage.

If a staff member suspects that a child is suffering from harm or neglect, we will follow local child protection procedures, including with respect to making reasonable enquiries. We will make an immediate referral to the local authority children's social care team, and the police, if the child is suffering or likely to suffer from harm, or in immediate danger.

Children with family members in prison

Approximately 200,000 children in England and Wales have a parent sent to prison each year. These children are at risk of poor outcomes including poverty, stigma, isolation and poor mental health. The National Information Centre on Children of Offenders, NICCO provides information designed to support professionals working with offenders and their children, to help mitigate negative consequences for those children.

Child criminal exploitation

Child criminal exploitation (CCE) is a form of abuse where an individual or group takes advantage of an imbalance of power to coerce, control, manipulate or deceive a child into criminal activity, in exchange for something the victim needs or wants, and/or for the financial or other advantage of the perpetrator or facilitator, and/or through violence or the threat of violence.

The abuse can be perpetrated by males or females, and children or adults. It can be a one-off occurrence or a series of incidents over time, and range from opportunistic to complex organised abuse.

The victim can be exploited even when the activity appears to be consensual. It does not always involve physical contact and can happen online. For example, young people may be forced to work in cannabis factories, coerced into moving drugs or money across the country (county lines), forced to shoplift or pickpocket, or to threaten other young people.

Indicators of CCE can include a child:

- Appearing with unexplained gifts or new possessions
- Associating with other young people involved in exploitation
- Suffering from changes in emotional wellbeing
- Misusing drugs and alcohol
- Going missing for periods of time or regularly coming home late
- Regularly missing school or education
- Not taking part in education

If a member of staff suspects CCE, they will discuss this with the DSL. The DSL will trigger the local safeguarding procedures, including a referral to the local authority's children's social care team and the police, if appropriate.

Child-on-child abuse

Child-on-child abuse is when children abuse other children. This can include discriminatory behaviour, including racism and faith-targeted abuse. This type of abuse can take place inside and outside of school. It can also take place both face-to-face and online, and can occur simultaneously between the 2.

Our school has a zero-tolerance approach to sexual violence and sexual harassment. We recognise that even if there are there no reports, that doesn't mean that this kind of abuse isn't happening. The School will not tolerate misogyny, misandry, sexually harmful behaviour, image-based abuse or abuse facilitated through artificial intelligence or emerging technologies.

Child-on-child abuse is most likely to include, but may not be limited to:

- Bullying (including cyber-bullying, prejudice-based and discriminatory bullying)
- Abuse in intimate personal relationships between children (this is sometimes known as 'teenage relationship abuse')
- Physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm (this may include an online element which facilitates, threatens and/or encourages physical abuse)
- Sexual violence, such as rape, assault by penetration and sexual assault (this may include an online element which facilitates, threatens and/or encourages sexual violence)
- Sexual harassment, such as sexual comments, remarks, jokes and online sexual harassment, which may be standalone or part of a broader pattern of abuse
- Causing someone to engage in sexual activity without consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party
- Consensual and non-consensual sharing of nude and semi-nude images and/or videos (also known as sexting or youth produced sexual imagery)

- Upskirting, which typically involves taking a picture under a person's clothing without their permission, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm
- Initiation/hazing type violence and rituals (this could include activities involving harassment, abuse or humiliation used as a way of initiating a person into a group and may also include an online element)
- misogynistic behaviour
- image-based abuse
- abuse associated with online harmful communities
- AI-generated sexual imagery
- coercive and controlling behaviour
- online harassment and abuse

Where children abuse their peers online, this can take the form of, for example, abusive, harassing, and misogynistic/misandryist messages; the non-consensual sharing of indecent images, especially around chat groups; and the sharing of abusive images and pornography, to those who don't want to receive such content.

If staff have any concerns about child-on-child abuse, or a child makes a report to them, they will follow the procedures set out in section 8 of this policy, as appropriate. In particular, section 8.8 and 8.9 set out more detail about our school's approach to this type of abuse.

When considering instances of harmful sexual behaviour between children, we will consider their ages and stages of development. We recognise that children displaying harmful sexual behaviour have often experienced their own abuse and trauma, and will offer them appropriate support.

Child sexual exploitation

Child sexual exploitation (CSE) is a form of child sexual abuse where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into sexual activity, in exchange for something the victim needs or wants and/or for the financial advantage or increased status of the perpetrator or facilitator. It may, or may not, be accompanied by violence or threats of violence.

The abuse can be perpetrated by males or females, and children or adults. It can be a one-off occurrence or a series of incidents over time, and range from opportunistic to complex organised abuse.

The victim can be exploited even when the activity appears to be consensual. Children or young people who are being sexually exploited may not understand that they are being abused. They often trust their abuser and may be tricked into believing they are in a loving, consensual relationship.

CSE can include both physical contact (penetrative and non-penetrative acts) and non-contact sexual activity. It can also happen online. For example, young people may be persuaded or forced to share sexually explicit images of themselves, have sexual conversations by text, or take part in sexual activities using a webcam. CSE may also

occur without the victim's immediate knowledge, for example through others copying videos or images.

In addition to the CCE indicators above, indicators of CSE can include a child:

- Having an older boyfriend or girlfriend
- Suffering from sexually transmitted infections or becoming pregnant

If a member of staff suspects CSE, they will discuss this with the DSL. The DSL will trigger the local safeguarding procedures, including a referral to the local authority's children's social care team and the police, if appropriate.

County lines

County lines is a term used to describe gangs and organised criminal networks involved in exporting illegal drugs using dedicated mobile phone lines or other form of "deal line". This activity can happen locally as well as across the UK - no specified distance of travel is required. Children and vulnerable adults are exploited to move, store and sell drugs and money. Offenders will often use coercion, intimidation, violence (including sexual violence) and weapons to ensure compliance of victims.

Children can be targeted and recruited into county lines in a number of locations including schools (mainstream and special), further and higher educational institutions, pupil referral units, children's homes and care homes.

Children are also increasingly being targeted and recruited online using social media. Children can easily become trapped by this type of exploitation as county lines gangs can manufacture drug debts which need to be worked off or threaten serious violence and kidnap towards victims (and their families) if they attempt to leave the county lines network.

A number of the indicators for CSE and CCE as detailed above may be applicable to where children are involved in county lines. Some additional specific indicators that may be present where a child is criminally exploited through involvement in county lines are children who:

- go missing and are subsequently found in areas away from their home;
- have been the victim or perpetrator of serious violence (e.g. knife crime);
- are involved in receiving requests for drugs via a phone line, moving drugs, handing over and collecting money for drugs;
- are exposed to techniques such as 'plugging', where drugs are concealed internally to avoid detection;
- are found in accommodation that they have no connection with, often called a 'trap house or cuckooing' or hotel room where there is drug activity;
- owe a 'debt bond' to their exploiters;
- have their bank accounts used to facilitate drug dealing.

Further information on the signs of a child's involvement in county lines is available in guidance published by the Home Office.

Modern Slavery and the National Referral Mechanism

Modern slavery encompasses human trafficking and slavery, servitude and forced or compulsory labour. Exploitation can take many forms, including: sexual exploitation, forced labour, slavery, servitude, forced criminality and the removal of organs.

Further information on the signs that someone may be a victim of modern slavery, the support available to victims and how to refer them to the NRM is available in the Modern Slavery Statutory Guidance. Modern slavery: how to identify and support victims - GOV.UK (www.gov.uk)

Cybercrime

Cybercrime is criminal activity committed using computers and/or the internet. It is broadly categorised as either 'cyber-enabled' (crimes that can happen off-line but are enabled at scale and at speed on-line) or 'cyber dependent' (crimes that can be committed only by using a computer). Cyber-dependent crimes include;

- unauthorised access to computers (illegal 'hacking'), for example accessing a school's computer network to look for test paper answers or change grades awarded;
- denial of Service (Dos or DDoS) attacks or 'booting'. These are attempts to make a computer, network or website unavailable by overwhelming it with internet traffic from multiple sources; and,
- making, supplying or obtaining malware (malicious software) such as viruses, spyware, ransomware, botnets and Remote Access Trojans with the intent to commit further offence, including those above.

Children with particular skill and interest in computing and technology may inadvertently or deliberately stray into cyber-dependent crime.

If there are concerns about a child in this area, the designated safeguarding lead (or a deputy), should consider referring into the Cyber Choices programme. This is a nationwide police programme supported by the Home Office and led by the National Crime Agency, working with regional and local policing. It aims to intervene where young people are at risk of committing, or being drawn into, low level cyber-dependent offences and divert them to a more positive use of their skills and interests.

Note that Cyber Choices does not currently cover 'cyber-enabled' crime such as fraud, purchasing of illegal drugs on-line and child sexual abuse and exploitation, nor other areas of concern such as on-line bullying or general on-line safety.

Additional advice can be found at: Cyber Choices, 'NPCC- When to call the Police' and National Cyber Security Centre - NCSC.GOV.UK

Domestic abuse

Children can witness and be adversely affected by domestic abuse and/or violence at home where it occurs between family members. In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result.

Types of domestic abuse include intimate partner violence, abuse by family members, teenage relationship abuse (abuse in intimate personal relationships between children)

and child/adolescent to parent violence and abuse. It can be physical, sexual, financial, psychological or emotional. It can also include ill treatment that isn't physical, as well as witnessing the ill treatment of others – for example, the impact of all forms of domestic abuse on children.

Anyone can be a victim of domestic abuse, regardless of gender, age, ethnicity, socioeconomic status, sexuality or background, and domestic abuse can take place inside or outside of the home. Children who witness domestic abuse are also victims.

Older children may also experience and/or be the perpetrators of domestic abuse and/or violence in their own personal relationships. This can include sexual harassment.

Exposure to domestic abuse and/or violence can have a serious, long-lasting emotional and psychological impact on children and affect their health, wellbeing, development and ability to learn.

If police are called to an incident of domestic abuse and any children in the household have experienced the incident, the police will inform the key adult in school (usually the designated safeguarding lead) before the child or children arrive at school the following day. This is the procedure where police forces are part of Operation Encompass

The DSL will provide support according to the child's needs and update records about their circumstances.

Homelessness

Being homeless or being at risk of becoming homeless presents a real risk to a child's welfare.

The DSL will be aware of contact details and referral routes in to the local housing authority so they can raise/progress concerns at the earliest opportunity (where appropriate and in accordance with local procedures).

Where a child has been harmed or is at risk of harm, the DSL will also make a referral to children's social care.

So-called 'honour-based' abuse (including FGM and forced marriage)

So-called 'honour-based' abuse (HBA) encompasses incidents or crimes committed to protect or defend the honour of the family and/or community, including FGM, forced marriage, and practices such as breast ironing.

Abuse committed in this context often involves a wider network of family or community pressure and can include multiple perpetrators.

All forms of HBA are abuse and will be handled and escalated as such. All staff will be alert to the possibility of a child being at risk of HBA or having already suffered it. If staff have a concern, they will speak to the DSL, who will activate local safeguarding procedures.

FGM

The DSL will make sure that staff have access to appropriate training to equip them to be alert to children affected by FGM or at risk of FGM.

Section 8.4 of this policy sets out the procedures to be followed if a staff member discovers that an act of FGM appears to have been carried out or suspects that a pupil is at risk of FGM.

Indicators that FGM has already occurred include:

- A pupil confiding in a professional that FGM has taken place
- A mother/family member disclosing that FGM has been carried out
- A family/pupil already being known to social services in relation to other safeguarding issues
- A girl:
 - Having difficulty walking, sitting or standing, or looking uncomfortable
 - Finding it hard to sit still for long periods of time (where this was not a problem previously)
 - Spending longer than normal in the bathroom or toilet due to difficulties urinating
 - Having frequent urinary, menstrual or stomach problems
 - Avoiding physical exercise or missing PE
 - Being repeatedly absent from school, or absent for a prolonged period
 - Demonstrating increased emotional and psychological needs – for example, withdrawal or depression, or significant change in behaviour
 - Being reluctant to undergo any medical examinations
 - Asking for help, but not being explicit about the problem
 - Talking about pain or discomfort between her legs

Potential signs that a pupil may be at risk of FGM include:

- The girl's family having a history of practising FGM (this is the biggest risk factor to consider)
- FGM being known to be practised in the girl's community or country of origin
- A parent or family member expressing concern that FGM may be carried out
- A family not engaging with professionals (health, education or other) or already being known to social care in relation to other safeguarding issues
- A girl:
 - Having a mother, older sibling or cousin who has undergone FGM
 - Having limited level of integration within UK society
 - Confiding to a professional that she is to have a "special procedure" or to attend a special occasion to "become a woman"

- Talking about a long holiday to her country of origin or another country where the practice is prevalent, or parents/carers stating that they or a relative will take the girl out of the country for a prolonged period
- Requesting help from a teacher or another adult because she is aware or suspects that she is at immediate risk of FGM
- Talking about FGM in conversation – for example, a girl may tell other children about it (although it is important to take into account the context of the discussion)
- Being unexpectedly absent from school
- Having sections missing from her 'red book' (child health record) and/or attending a travel clinic or equivalent for vaccinations/anti-malarial medication

The above indicators and risk factors are not intended to be exhaustive.

Forced marriage

Forcing a person into marriage is a crime. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats, or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological.

Staff will receive training around forced marriage and the presenting symptoms. We are aware of the 'one chance' rule, i.e. we may only have one chance to speak to the potential victim and only one chance to save them.

If a member of staff suspects that a pupil is being forced into marriage, they will speak to the pupil about their concerns in a secure and private place. They will then report this to the DSL.

The DSL will:

- Speak to the pupil about the concerns in a secure and private place
- Activate the local safeguarding procedures and refer the case to the local authority's designated officer
- Seek advice from the Forced Marriage Unit on 020 7008 0151 or fmu@fco.gov.uk
- Refer the pupil to an education welfare officer, pastoral tutor, learning mentor, or school counsellor, as appropriate

Preventing radicalisation

- **Radicalisation** refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups
- **Extremism** is vocal or active opposition to fundamental British values, such as democracy, the rule of law, individual liberty, and mutual respect and tolerance of different faiths and beliefs. This also includes calling for the death of members of the armed forces
- **Terrorism** is an action that:
 - Endangers or causes serious violence to a person/people;
 - Causes serious damage to property; or

- Seriously interferes or disrupts an electronic system

The use or threat of terrorism must be designed to influence the government or to intimidate the public and is made for the purpose of advancing a political, religious or ideological cause.

Schools have a duty to prevent children from being drawn into terrorism. The DSL will undertake Prevent awareness training and make sure that staff have access to appropriate training to equip them to identify children at risk.

We will assess the risk of children in our school being drawn into terrorism. This assessment will be based on an understanding of the potential risk in our local area, in collaboration with our local safeguarding partners and local police force.

We will ensure that suitable internet filtering is in place, and equip our pupils to stay safe online at school and at home.

There is no single way of identifying an individual who is likely to be susceptible to an extremist ideology. Radicalisation can occur quickly or over a long period.

Staff will be alert to changes in pupils' behaviour.

The government website [Educate Against Hate](#) and charity [NSPCC](#) say that signs that a pupil is being radicalised can include:

- Refusal to engage with, or becoming abusive to, peers who are different from themselves
- Becoming susceptible to conspiracy theories and feelings of persecution
- Changes in friendship groups and appearance
- Rejecting activities they used to enjoy
- Converting to a new religion
- Isolating themselves from family and friends
- Talking as if from a scripted speech
- An unwillingness or inability to discuss their views
- A sudden disrespectful attitude towards others
- Increased levels of anger
- Increased secretiveness, especially around internet use
- Expressions of sympathy for extremist ideologies and groups, or justification of their actions
- Accessing extremist material online, including on Facebook or Twitter
- Possessing extremist literature
- Being in contact with extremist recruiters and joining, or seeking to join, extremist organisations

Children who are at risk of radicalisation may have low self-esteem, or be victims of bullying or discrimination. It is important to note that these signs can also be part of normal teenage behaviour – staff should have confidence in their instincts and seek advice if something feels wrong.

If staff are concerned about a pupil, they will follow our procedures set out in section 8.6 of this policy, including discussing their concerns with the DSL.

Staff should **always** take action if they are worried.

Additional support

The Department has published further advice for schools on the Prevent duty. The advice is intended to complement the Prevent guidance and signposts to other sources of advice and support.

The Home Office has developed three e-learning modules:

- Prevent awareness e-learning offers an introduction to the Prevent duty.
- Prevent referrals e-learning supports staff to make Prevent referrals that are robust, informed and with good intention.
- Channel awareness e-learning is aimed at staff who may be asked to contribute to or sit on a multi-agency Channel panel.

Educate Against Hate, is a government website designed to support school teachers and leaders to help them safeguard their students from radicalisation and extremism. The platform provides free information and resources to help school staff identify and address the risks, as well as build resilience to radicalisation.

For advice specific to further education, the Education and Training Foundation (ETF) hosts the Prevent for FE and Training. This hosts a range of free, sector specific resources to support further education settings comply with the Prevent duty. This includes the Prevent Awareness e-learning, which offers an introduction to the duty, and the Prevent Referral e-learning, which is designed to support staff to make robust, informed and proportionate referrals.

The ETF Online Learning environment provides online training modules for practitioners, leaders and managers, support staff and governors/Board members outlining their roles and responsibilities under the duty.

Sexual violence and sexual harassment between children in schools

Sexual violence and sexual harassment can occur:

- Between 2 children of any age and sex
- Through a group of children sexually assaulting or sexually harassing a single child or group of children
- Online and face to face (both physically and verbally)

Sexual violence and sexual harassment exist on a continuum and may overlap.

Children who are victims of sexual violence and sexual harassment will likely find the experience stressful and distressing. This will, in all likelihood, adversely affect their educational attainment and will be exacerbated if the alleged perpetrator(s) attends the same school.

If a victim reports an incident, it is essential that staff make sure they are reassured that they are being taken seriously and that they will be supported and kept safe. A victim should never be given the impression that they are creating a problem by reporting any form of abuse or neglect. Nor should a victim ever be made to feel ashamed for making a report.

When supporting victims, staff will:

- Reassure victims that the law on child-on-child abuse is there to protect them, not criminalise them
- Regularly review decisions and actions, and update policies with lessons learnt
- Look out for potential patterns of concerning, problematic or inappropriate behaviour, and decide on a course of action where we identify any patterns
- Consider if there are wider cultural issues within the school that enabled inappropriate behaviour to occur and whether revising policies and/or providing extra staff training could minimise the risk of it happening again
- Remain alert to the possible challenges of detecting signs that a child has experienced sexual violence, and show sensitivity to their needs

Some groups are potentially more at risk. Evidence shows that girls, children with SEN and/or disabilities, and lesbian, gay, bisexual and transgender (LGBT) children are at greater risk.

Staff should be aware of the importance of:

- Challenging inappropriate behaviours
- Making clear that sexual violence and sexual harassment is not acceptable, will never be tolerated and is not an inevitable part of growing up
- Challenging physical behaviours (potentially criminal in nature), such as grabbing bottoms, breasts and genitalia, pulling down trousers, flicking bras and lifting up skirts. Dismissing or tolerating such behaviours risks normalising them

If staff have any concerns about sexual violence or sexual harassment, or a child makes a report to them, they will follow the procedures set out in section 7 of this policy, as appropriate. In particular, section 7.8 and 7.9 set out more detail about our school's approach to this type of abuse.

Serious violence

Indicators which may signal that a child is at risk from, or involved with, serious violent crime may include:

- Increased absence from school
- Change in friendships or relationships with older individuals or groups
- Significant decline in performance
- Signs of self-harm or a significant change in wellbeing
- Signs of assault or unexplained injuries
- Unexplained gifts or new possessions (this could indicate that the child has been approached by, or is involved with, individuals associated with criminal networks or gangs and may be at risk of criminal exploitation (see above))

Risk factors which increase the likelihood of involvement in serious violence include:

- Being male
- Having been frequently absent or permanently excluded from school
- Having experienced child maltreatment
- Having been involved in offending, such as theft or robbery

Staff will be aware of these indicators and risk factors. If a member of staff has a concern about a pupil being involved in, or at risk of, serious violence, they will report this to the DSL.

Checking the identity and suitability of visitors

All visitors will be required to verify their identity to the satisfaction of staff

If the visitor is unknown to the setting, we will check their credentials and reason for visiting before allowing them to enter the setting. Visitors should be ready to produce identification.

Visitors are expected to sign the visitors' book and wear a visitor's badge.

Visitors to the school who are visiting for a professional purpose, such as educational psychologists and school improvement officers, will be asked to show photo ID

All other visitors, including visiting speakers, will be accompanied by a member of staff at all times. We will not invite into the school any speaker who is known to disseminate extremist views, and will carry out appropriate checks to ensure that any individual or organisation using school facilities is not seeking to disseminate extremist views or radicalise pupils or staff.

Non-collection of day children

If a child is not collected at the end of the session/day, we will follow the procedures in the Missing Pupils Policy, which includes guidance on pupils not collected on time.

Missing pupils

Our procedures are designed to ensure that a missing child is found and returned to effective supervision as soon as possible. If a child goes missing, we will follow the Missing Pupil Policy.

8.1 Recognising abuse and taking action

Staff, volunteers and governors must follow the procedures set out below in the event of a safeguarding issue.

Please note – in this and subsequent sections, you should take any references to the DSL to mean "the DSL (or deputy DSL)".

8.2 If a child is suffering or likely to suffer harm, or in immediate danger

Make a referral to children's social care and/or the police **immediately** if you believe a child is suffering or likely to suffer from harm, or in immediate danger. **Anyone can make a referral.**

Tell the DSL as soon as possible if you make a referral directly.

The Nottinghamshire Multi-Agency Safeguarding Hub (MASH) is the single point of contact for all professionals to report safeguarding concerns.

You can contact the MASH team in one of the following ways:

- telephone: 0300 500 80 90
- fax: 01623 483295
- email: mash.safeguarding@nottscc.gcsx.gov.uk
- online form: [concerned about a child](#)
- online form: [concerned about an adult](#)
- post: MASH, Piazza, Little Oak Drive, Sherwood Business Park, Annesley Nottinghamshire NG15 0DR.

Opening hours: Monday to Thursday: 8.30am to 5pm; Friday: 8.30am to 4.30pm

MASH phone number: 0115 8042525 or

0300 500 80 90 during the following core working hours:

8.30am-5.00pm – Monday to Thursday

8.30am-4.30pm – Friday

Emergency duty team (EDT) on **0300 456 4546**

MASH Education advisor: Moira Loadman: 0115 8042525

Early Help phone number: 0115 8041248

Social Care: 0300 5008080.

The LADO is Eva Callaghan: telephone: 0115 8041272.

In an emergency call 999

NSPCC helpline: **0808 800 5000**–Email: help@nspcc.org.uk

NSPCC whistleblowing helpline is available for staff who do not feel able to raise concerns regarding child protection failures internally. Staff can call: 0800 028 0285 – line is available from 8:00 AM to 8:00 PM, Monday to Friday

<https://www.gov.uk/report-child-abuse-to-local-council>

8.3 If a child makes a disclosure to you

If a child discloses a safeguarding issue to you, you should:

Listen to and believe them. Allow them time to talk freely and do not ask leading questions

Stay calm and do not show that you are shocked or upset

Tell the child they have done the right thing in telling you. Do not tell them they should have told you sooner

Explain what will happen next and that you will have to pass this information on. Do not promise to keep it a secret

Write up your conversation as soon as possible in the child's own words and log this on CPOMS. Stick to the facts, and do not put your own judgement on it. Alternatively, if appropriate, make a referral to children's social care and/or the police directly and tell the DSL as soon as possible that you have done so. Staff should not disclose information to anyone else unless told to do so by a relevant authority involved in the safeguarding procedure

Bear in mind that some children may:

- Not feel ready, or know how to tell someone that they are being abused, exploited or neglected
- Not recognise their experiences as harmful
- Feel embarrassed, humiliated or threatened. This could be due to their vulnerability, disability, sexual orientation and/or language barriers

None of this should stop you from having a 'professional curiosity' and speaking to the DSL if you have concerns about a child.

8.4 If you discover that FGM has taken place or a pupil is at risk of FGM

The Department for Education's Keeping Children Safe in Education explains that FGM comprises "all procedures involving partial or total removal of the external female genitalia, or other injury to the female genital organs".

FGM is illegal in the UK and a form of child abuse with long-lasting, harmful consequences. It is also known as 'female genital cutting', 'circumcision' or 'initiation'.

Any teacher who discovers (either through disclosure by the victim or visual evidence) that an act of FGM appears to have been carried out on a **pupil under 18** must immediately report this to the police, personally. This is a statutory duty, and teachers will face disciplinary sanctions for failing to meet it.

Unless they have been specifically told not to disclose, they should also discuss the case with the DSL and involve children's social care as appropriate.

Any other member of staff who discovers that an act of FGM appears to have been carried out on a **pupil under 18** must speak to the DSL and follow our local safeguarding procedures.

The duty for teachers mentioned above does not apply in cases where a pupil is *at risk* of FGM or FGM is suspected but is not known to have been carried out. Staff should not examine pupils.

Any member of staff who suspects a pupil is *at risk* of FGM or suspects that FGM has been carried out or discovers that a pupil **aged 18 or over** appears to have been a victim of FGM must speak to the DSL and follow our local safeguarding procedures.

8.5 If you have concerns about a child (as opposed to believing a child is suffering or likely to suffer from harm, or is in immediate danger)

Figure 1 on page 34 illustrates the procedure to follow if you have any concerns about a child's welfare.

Where possible, speak to the DSL first to agree a course of action.

If in exceptional circumstances the DSL is not available, this should not delay appropriate action being taken. Speak to a member of the senior leadership team and/or take advice from local authority children's social care. You can also seek advice at any time from the NSPCC helpline on 0808 800 5000. Share details of any actions you take with the DSL as soon as practically possible.

Make a referral to local authority children's social care directly, if appropriate (see 'Referral' below). Share any action taken with the DSL as soon as possible.

Family Early help

School will work with Family Help services and Nottinghamshire safeguarding partners to ensure children and families receive the right support at the right time. Family Help and early intervention arrangements will be considered whenever emerging concerns are identified.

Staff may be required to support other agencies and professionals in an early help assessment, in some cases acting as the lead practitioner.

The DSL will keep the case under constant review and the school will consider a referral to local authority children's social care if the situation does not seem to be improving. Timelines of interventions will be monitored and reviewed.

All school staff who identify children who would benefit from "early help" must ensure their concerns are shared with the DSL in order that the information can be shared with other professionals from one or more agencies to aid the best interests of the child. This could be through CAMHS, Notts MASH team or other agencies known to the school's Health Care Centre.

Examples of children who may be more vulnerable are:

- Children with a disability and/or specific additional needs.
- Children with special educational needs.
- Children who are acting as a young carer.

- Children who are showing signs of engaging in anti-social or criminal behaviour.
- Children whose family circumstances present challenges, such as substance abuse, adult mental health or learning disability, domestic violence
- Children who are showing early signs of abuse and/or neglect.
- Children who are frequently missing/goes missing from education, home or care
- Children who have experienced multiple suspensions, are at risk of being permanently excluded from schools, colleges and in alternative provision or a pupil referral unit
- Children who have a parent or carer in custody or is affected by parental offending

Referral

If it is appropriate to refer the case to local authority children's social care or the police, the DSL will make the referral or support you to do so.

If you make a referral directly, you must tell the DSL as soon as possible.

The local authority will make a decision within 1 working day of a referral about what course of action to take and will let the person who made the referral know the outcome. The DSL or person who made the referral must follow up with the local authority if this information is not made available, and ensure outcomes are properly recorded.

If the child's situation does not seem to be improving after the referral, the DSL or person who made the referral must follow local escalation procedures to ensure their concerns have been addressed and that the child's situation improves.

The DSL will make prompt contact with the relevant Children's Social Care department where there are concerns that a child may be in need of early help or at risk.

Staff should discuss any safeguarding concerns about a child with the DSL but it is possible for staff to refer concerns directly to the Children's Social Care. However, if a member of staff does make a direct referral s/he should inform the DSL as soon as possible after the referral has been made.

The DSL should keep a record of the rationale for any decisions made

MASH phone number: 0115 8042525

Early Help phone number: 0115 8041248

Social Care: 03005008080. Emergency number: 03004564546

Pathway to Provision

The [Pathway to Provision \[PDF\]](#) sets out guidance for practitioners in identifying a child, young person and/ or family's level of need, and referral pathways to the most

appropriate service to provide support. This document indicates the different thresholds of help available.

This version of the document includes the Integrated Children's Disability Service and pathway for Child and Adolescent Mental Health Services (CAMHS). The guidance covers referrals to the Family Service, Step Down guidance and the contact details for safeguarding and Early Help arrangements for the local authorities neighbouring Nottinghamshire. It also includes the arrangements of the Family Service and the [Multi-Agency Safeguarding Hub \(Mash\)](#).

Useful documents

- [Early Help Online Referral](#)
- [Early Help Assessment form \[DOCX\]](#)

[Pathway to Provision Handbook \[PDF\]](#)

8.6 If you have concerns about extremism

If a child is not suffering or likely to suffer from harm, or in immediate danger, where possible speak to the DSL first to agree a course of action.

If in exceptional circumstances the DSL is not available, this should not delay appropriate action being taken. Speak to a member of the senior leadership team and/or seek advice from local authority children's social care. Make a referral to local authority children's social care directly, if appropriate (see 'Referral' above). Inform the DSL or deputy as soon as practically possible after the referral.

Where there is a concern, the DSL will consider the level of risk and decide which agency to make a referral to. This could include [Channel](#), the government's programme for identifying and supporting individuals at risk of being drawn into terrorism, or the local authority children's social care team.

The Department for Education also has a dedicated telephone helpline, 020 7340 7264, which school staff and governors can call to raise concerns about extremism with respect to a pupil. You can also email counter.extremism@education.gov.uk. Note that this is not for use in emergency situations.

In an emergency, call 999 or the confidential anti-terrorist hotline on 0800 789 321 if you:

Think someone is in immediate danger

Think someone may be planning to travel to join an extremist group

See or hear something that may be terrorist-related

8.7 If you have a mental health concern

Mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.

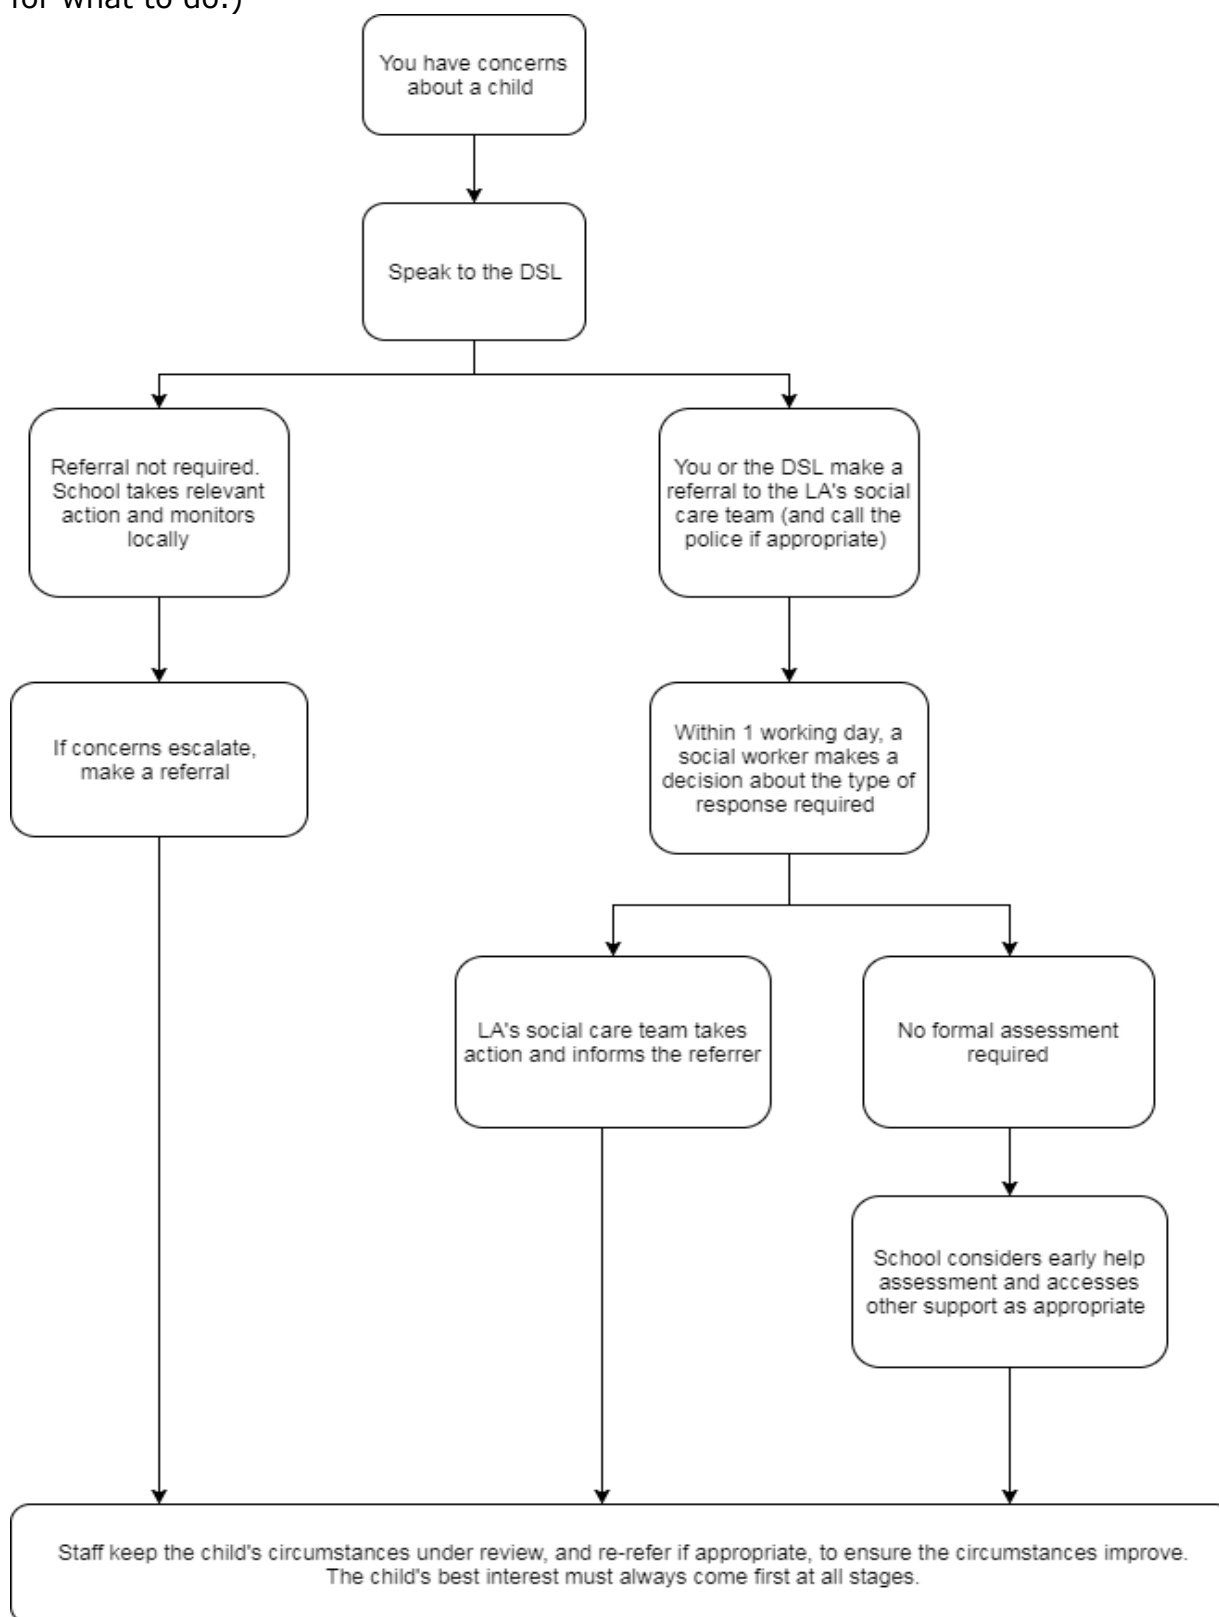

Staff will be alert to behavioural signs that suggest a child may be experiencing a mental health problem or be at risk of developing one.

If you have a mental health concern about a child that is also a safeguarding concern, take immediate action by following the steps in section 8.5.

If you have a mental health concern that is **not** also a safeguarding concern, speak to the DSL to agree a course of action.

Guidelines published in 'Our Pathways' document, explain how we as a school may deal with mental health concerns. This can be found on the T:drive and hard copies are available in HSMs' offices and the HCC. Further guidance on [mental health and behaviour in schools](#) can be found here.

Figure 1: procedure if you have concerns about a child’s welfare (as opposed to believing a child is suffering or likely to suffer from harm, or in immediate danger)(Note – if the DSL is unavailable, this should not delay action. See section 8.5 for what to do.)

8.8 Allegations of abuse made against other pupils. Child-on-child abuse

We recognise that children are capable of abusing their peers, both in and out of school or online. Abuse will never be tolerated or passed off as “banter”, “just having a laugh”. “boys being boys” or “part of growing up”, as this can lead to a culture of unacceptable behaviours and an unsafe environment for pupils.

We also recognise the gendered nature of child-on-child abuse. However, all child-on-child abuse is unacceptable and will be taken seriously.

Most cases of pupils hurting other pupils will be dealt with under our school’s behaviour policy, but this child protection and safeguarding policy will apply to any allegations that raise safeguarding concerns. All staff should challenge abusive behaviours between peers and inform the DSL. This might include where the alleged behaviour:

Is serious, and potentially a criminal offence

Could put pupils in the school at risk

Is violent

Involves pupils being forced to use drugs or alcohol

Involves sexual exploitation, sexual abuse or sexual harassment, such as indecent exposure, sexual assault, upskirting or sexually inappropriate pictures or videos (including the sharing of nudes and semi-nudes)

If a pupil makes an allegation of abuse against another pupil:

You must record the allegation and tell the DSL, but do not investigate it

The DSL may contact the local authority children’s social care team and follow its advice, as well as the police if the allegation involves a potential criminal offence

The DSL will put a risk assessment and support plan into place for all children involved (including the victim(s), the child(ren) against whom the allegation has been made and any others affected) with a named person they can talk to if needed

The DSL will contact the children and adolescent mental health services (CAMHS), if appropriate

Support will be made available for victims, perpetrators and any other children affected

Creating a supportive environment in school and minimising the risk of child-on-child abuse

We recognise the importance of taking proactive action to minimise the risk of child-on-child abuse, and of creating a supportive environment where victims feel confident in reporting incidents.

To achieve this, we will:

- Challenge any form of derogatory or sexualised language or inappropriate behaviour between peers, including requesting or sending sexual images. All staff have a responsibility to challenge such behaviours
- Be vigilant to issues that particularly affect different genders – for example, sexualised or aggressive touching or grabbing towards female pupils, and initiation or hazing type violence with respect to boys

- Ensure our curriculum helps to educate pupils about appropriate behaviour and consent
- Ensure pupils can report abuse using our reporting systems easily and confidently (as described in section 8.10 below)
- Ensure staff reassure victims that they are being taken seriously
- Ensure staff are trained to understand:
 - How to recognise the indicators and signs of child-on-child abuse, and know how to identify it and respond to reports
 - That even if there are no reports of child-on-child abuse in school, it does not mean it is not happening
 - That if they have any concerns about a child's welfare, they should act on them immediately rather than wait to be told, and that victims may not always make a direct report. For example:
 - Children can show signs or act in ways they hope adults will notice and react to
 - A friend may make a report
 - A member of staff may overhear a conversation
 - A child's behaviour might indicate that something is wrong
 - That certain children may face additional barriers to telling someone because of their vulnerability, disability, gender, ethnicity and/or sexual orientation
 - That a pupil harming a peer could be a sign that the child is being abused themselves, and that this would fall under the scope of this policy
 - The important role they have to play in preventing child-on-child abuse and responding where they believe a child may be at risk from it
 - That the child's wishes and feelings are taken into account when determining what action to take and what services to provide
 - That there are additional factors to affect safeguarding in Boarding schools, in particular opportunities and vulnerabilities for child-on-child abuse; and inappropriate staff/pupil relationships.
 - That they should speak to the DSL if they have any concerns

8.9 Sharing of nudes and semi-nudes

Your responsibilities when responding to an incident

If you are made aware of an incident involving sexting (also known as 'youth produced sexual imagery'), you must report it to the DSL immediately.

You must **not**:

View, download or share the imagery yourself, or ask a pupil to share or download it. If you have already viewed the imagery by accident, you must report this to the DSL

Delete the imagery or ask the pupil to delete it

Ask the pupil(s) who are involved in the incident to disclose information regarding the imagery (this is the DSL's responsibility)

Share information about the incident with other members of staff, the pupil(s) it involves or their, or other, parents and/or carers

Say or do anything to blame or shame any young people involved

You should explain that you need to report the incident, and reassure the pupil(s) that they will receive support and help from the DSL.

Initial review meeting

Following a report of an incident, the DSL will hold an initial review meeting with appropriate school staff. This meeting will consider the initial evidence and aim to determine:

Whether there is an immediate risk to pupil(s)

If a referral needs to be made to the police and/or children's social care

If it is necessary to view the imagery in order to safeguard the young person (in most cases, imagery should not be viewed)

What further information is required to decide on the best response

Whether the imagery has been shared widely and via what services and/or platforms (this may be unknown)

Whether immediate action should be taken to delete or remove images from devices or online services

Any relevant facts about the pupils involved which would influence risk assessment

If there is a need to contact another school, college, setting or individual

Whether to contact parents or carers of the pupils involved (in most cases parents should be involved)

The DSL will make an immediate referral to police and/or children's social care if:

The incident involves an adult

There is reason to believe that a young person has been coerced, blackmailed or groomed, or if there are concerns about their capacity to consent (for example owing to special educational needs)

What the DSL knows about the imagery suggests the content depicts sexual acts which are unusual for the young person's developmental stage, or are violent

The imagery involves sexual acts and any pupil in the imagery is under 13

The DSL has reason to believe a pupil is at immediate risk of harm owing to the sharing of the imagery (for example, the young person is presenting as suicidal or self-harming)

If none of the above apply then the DSL, in consultation with the headmaster and other members of staff as appropriate, may decide to respond to the incident without involving the police or children's social care.

Further review by the DSL

If at the initial review stage a decision has been made not to refer to police and/or children's social care, the DSL will conduct a further review.

They will hold interviews with the pupils involved (if appropriate) to establish the facts and assess the risks.

If at any point in the process there is a concern that a pupil has been harmed or is at risk of harm, a referral will be made to children's social care and/or the police immediately.

Informing parents

The DSL will inform parents at an early stage and keep them involved in the process, unless there is a good reason to believe that involving them would put the pupil at risk of harm.

Referring to the police

If it is necessary to refer an incident to the police, this will be done through contacting a police community support officer, or dialling 101

Recording incidents

All sexting incidents and the decisions made in responding to them will be recorded. The record-keeping arrangements set out in section 8.9 of this policy also apply to recording incidents of sexting.

Curriculum coverage

Pupils are taught about the issues surrounding sexting as part of our PSHE education programme. Teaching covers the following in relation to sexting:

What it is

How it is most likely to be encountered

The consequences of requesting, forwarding or providing such images, including when it is and is not abusive

Issues of legality

The risk of damage to people's feelings and reputation

Pupils also learn the strategies and skills needed to manage:

Specific requests or pressure to provide (or forward) such images

The receipt of such images

8.10 Reporting systems for our pupils

Where there is a safeguarding concern, we will take the child's wishes and feelings into account when determining what action to take and what services to provide.

We recognise the importance of ensuring pupils feel safe and comfortable to come forward and report any concerns and/or allegations.

To achieve this, we will:

- Put systems in place for pupils to confidently report abuse, including placing confidential reporting boxes in key locations (Houses, HCC)

- Ensure our reporting systems are well promoted, easily understood and easily accessible for pupils
- Make it clear to pupils that their concerns will be taken seriously, and that they can safely express their views and give feedback
- Pupils may report their concerns to a trusted adult in the school, their tutor, HSM, or any member of the safeguarding team or the SLT. They are made aware of who the members of the safeguarding team are through assemblies, PSHE lessons and visual reminders are located on notice boards throughout the school
- Staff recognise that making disclosures is never easy and will be reassuring and supportive of the student

8.11 Concerns about a staff member, supply teacher, contractor or volunteer

If you have concerns about a member of staff (including a supply teacher, DSL, contractor or volunteer), or an allegation is made about a member of staff (including a supply teacher, DSL, contractor or volunteer) posing a risk of harm to children, speak to the Head as soon as possible. If the concerns/allegations are about the Head, speak to the chair of governors, without informing the Head.

The Head/ chair of governors will then follow the procedures set out in below, if appropriate.

A staff member should report a concern/allegation directly to the local authority designated officer (LADO) if they believe there is conflict of interest in reporting to the Head

For Early years:

Where appropriate, the school will inform Ofsted of the allegation and actions taken, within the necessary timescale

8.12 Allegations of abuse made against staff

Section 1: allegations that may meet the harms threshold

This section applies to all cases in which it is alleged that a current member of staff, including a supply teacher, volunteer or contractor, has:

- Behaved in a way that has harmed a child, or may have harmed a child, and/or
- Possibly committed a criminal offence against or related to a child, and/or
- Behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children, and/or
- Behaved or may have behaved in a way that indicates they may not be suitable to work with children – this includes behaviour taking place both inside and outside of school

We will deal with any allegation of abuse quickly, in a fair and consistent way that provides effective child protection while also supporting the individual who is the subject of the allegation.

A 'case manager' will lead any investigation. This will be the headmaster, or the chair of governors where the headmaster is the subject of the allegation. The case manager will be identified at the earliest opportunity.

Our procedures for dealing with allegations will be applied with common sense and judgement.

Suspension of the accused until the case is resolved

Suspension of the accused will not be the default position, and will only be considered in cases where there is reason to suspect that a child or other children is/are at risk of harm, or the case is so serious that there might be grounds for dismissal. In such cases, we will only suspend an individual if we have considered all other options available and there is no reasonable alternative.

Based on an assessment of risk, we will consider alternatives such as:

- Redeployment within the school so that the individual does not have direct contact with the child or children concerned
- Providing an assistant to be present when the individual has contact with children
- Redeploying the individual to alternative work in the school so that they do not have unsupervised access to children
- Moving the child or children to classes where they will not come into contact with the individual, making it clear that this is not a punishment and parents/carers have been consulted

If in doubt, the case manager will seek views from the school's personnel adviser and the designated officer at the local authority, as well as the police and children's social care where they have been involved.

Definitions for outcomes of allegation investigations

- **Substantiated:** there is sufficient evidence to prove the allegation
- **Malicious:** there is sufficient evidence to disprove the allegation and there has been a deliberate act to deceive, or to cause harm to the subject of the allegation
- **False:** there is sufficient evidence to disprove the allegation
- **Unsubstantiated:** there is insufficient evidence to either prove or disprove the allegation (this does not imply guilt or innocence)
- **Unfounded:** to reflect cases where there is no evidence or proper basis which supports the allegation being made

Procedure for dealing with allegations

In the event of an allegation that meets the criteria above, the case manager will take the following steps:

- Conduct basic enquiries in line with local procedures to establish the facts to help determine whether there is any foundation to the allegation before carrying on with the steps below
- Discuss the allegation with the designated officer at the local authority. This is to consider the nature, content and context of the allegation and agree a course of action, including whether further enquiries are necessary to enable a decision on how to proceed, and whether it is necessary to involve the police and/or children's social care services. (The case manager may, on occasion, consider it necessary to involve the police *before* consulting the designated officer – for example, if the

accused individual is deemed to be an immediate risk to children or there is evidence of a possible criminal offence. In such cases, the case manager will notify the designated officer as soon as practicably possible after contacting the police)

- Inform the accused individual of the concerns or allegations and likely course of action as soon as possible after speaking to the designated officer (and the police or children's social care services, where necessary). Where the police and/or children's social care services are involved, the case manager will only share such information with the individual as has been agreed with those agencies
- Where appropriate (in the circumstances described above), carefully consider whether suspension of the individual from contact with children at the school is justified or whether alternative arrangements such as those outlined above can be put in place. Advice will be sought from the designated officer, police and/or children's social care services, as appropriate
- Where the case manager is concerned about the welfare of other children in the community or the individual's family, they will discuss these concerns with the DSL and make a risk assessment of the situation. If necessary, the DSL may make a referral to children's social care
- **If immediate suspension is considered necessary**, agree and record the rationale for this with the designated officer. The record will include information about the alternatives to suspension that have been considered, and why they were rejected. Written confirmation of the suspension will be provided to the individual facing the allegation or concern within 1 working day, and the individual will be given a named contact at the school and their contact details
- **If it is decided that no further action is to be taken** in regard to the subject of the allegation or concern, record this decision and the justification for it and agree with the designated officer what information should be put in writing to the individual and by whom, as well as what action should follow both in respect of the individual and those who made the initial allegation
- **If it is decided that further action is needed**, take steps as agreed with the designated officer to initiate the appropriate action in school and/or liaise with the police and/or children's social care services as appropriate
- Provide effective support for the individual facing the allegation or concern, including appointing a named representative to keep them informed of the progress of the case and considering what other support is appropriate. For advice, they may wish to turn to trade union representatives, or a colleague, or seek counselling through the school nominated counselling service.
- Inform the parents or carers of the child/children involved about the allegation as soon as possible if they do not already know (following agreement with children's social care services and/or the police, if applicable). The case manager will also inform the parents or carers of the requirement to maintain confidentiality about any allegations made against teachers (where this applies) while investigations are ongoing. Any parent or carer who wishes to have the confidentiality restrictions removed in respect of a teacher will be advised to seek legal advice
- Keep the parents or carers of the child/children involved informed of the progress of the case (only in relation to their child – no information will be shared regarding the staff member)

- Make a referral to the DBS where it is thought that the individual facing the allegation or concern has engaged in conduct that harmed or is likely to harm a child, or if the individual otherwise poses a risk of harm to a child

We will inform Ofsted of any allegations of serious harm or abuse by any person living, working, or looking after children at the premises (whether the allegations relate to harm or abuse committed on the premises or elsewhere), and any action taken in respect of the allegations. This notification will be made as soon as reasonably possible and always within 14 days of the allegations being made.

If the school is made aware that the secretary of state has made an interim prohibition order in respect of an individual, we will immediately suspend that individual from teaching, pending the findings of the investigation by the Teaching Regulation Agency.

Where the police are involved, wherever possible the school will ask the police at the start of the investigation to obtain consent from the individuals involved to share their statements and evidence for use in the school's disciplinary process, should this be required at a later point.

Additional considerations for supply teachers and all contracted staff

If there are concerns or an allegation is made against someone not directly employed by the school, such as a supply teacher or contracted staff member provided by an agency, we will take the actions below in addition to our standard procedures.

- We will not decide to stop using an individual due to safeguarding concerns without finding out the facts and liaising with our LADO to determine a suitable outcome
- The governing board will discuss with the agency whether it is appropriate to suspend the individual, or redeploy them to another part of the school, while the school carries out the investigation
- We will involve the agency fully, but the school will take the lead in collecting the necessary information and providing it to the LADO as required
- We will address issues such as information sharing, to ensure any previous concerns or allegations known to the agency are taken into account (we will do this, for example, as part of the allegations management meeting or by liaising directly with the agency where necessary)

When using an agency, we will inform them of our process for managing allegations, and keep them updated about our policies as necessary, and will invite the agency's HR manager or equivalent to meetings as appropriate.

Organisations or Individuals using school premises

Schools and colleges may receive an allegation relating to an incident that happened when an individual or organisation was using their school premises for the purposes of running activities for children (for example community groups, sports associations, or service providers that run extra-curricular activities). As with any safeguarding allegation, schools and colleges should follow their safeguarding policies and procedures, including informing the LADO.

Timescales

We will deal with all allegations as quickly and effectively as possible and will endeavour to comply with the following timescales, where reasonably practicable:

- Any cases where it is clear immediately that the allegation is unsubstantiated or malicious should be resolved within 1 week
- If the nature of an allegation does not require formal disciplinary action, appropriate action should be taken within 3 working days
- If a disciplinary hearing is required and can be held without further investigation, this should be held within 15 working days

However, these are objectives only and where they are not met, we will endeavour to take the required action as soon as possible thereafter.

Specific actions

Action following a criminal investigation or prosecution

The case manager will discuss with the local authority's designated officer whether any further action, including disciplinary action, is appropriate and, if so, how to proceed, taking into account information provided by the police and/or children's social care services.

Conclusion of a case where the allegation is substantiated

If the allegation is substantiated and the individual is dismissed or the school ceases to use their services, or the individual resigns or otherwise ceases to provide their services, the school will make a referral to the DBS for consideration of whether inclusion on the barred lists is required.

If the individual concerned is a member of teaching staff, the school will consider whether to refer the matter to the Teaching Regulation Agency to consider prohibiting the individual from teaching.

Individuals returning to work after suspension

If it is decided on the conclusion of a case that an individual who has been suspended can return to work, the case manager will consider how best to facilitate this.

The case manager will also consider how best to manage the individual's contact with the child or children who made the allegation, if they are still attending the school.

Unsubstantiated, unfounded, false or malicious reports

If a report is:

- Determined to be unsubstantiated, unfounded, false or malicious, the DSL will consider the appropriate next steps. If they consider that the child and/or person who made the allegation is in need of help, or the allegation may have been a cry for help, a referral to children's social care may be appropriate
- Shown to be deliberately invented, or malicious, the school will consider whether any disciplinary action is appropriate against the individual(s) who made it

Unsubstantiated, unfounded, false or malicious allegations

If an allegation is:

- Determined to be unsubstantiated, unfounded, false or malicious, the LADO and case manager will consider the appropriate next steps. If they consider that the

child and/or person who made the allegation is in need of help, or the allegation may have been a cry for help, a referral to children's social care may be appropriate

- Shown to be deliberately invented, or malicious, the school will consider whether any disciplinary action is appropriate against the individual(s) who made it

Confidentiality and information sharing

The school will make every effort to maintain confidentiality and guard against unwanted publicity while an allegation is being investigated or considered.

The case manager will take advice from the LADO, police and children's social care services, as appropriate, to agree:

- Who needs to know about the allegation and what information can be shared
- How to manage speculation, leaks and gossip, including how to make parents or carers of a child/children involved aware of their obligations with respect to confidentiality
- What, if any, information can be reasonably given to the wider community to reduce speculation
- How to manage press interest if, and when, it arises

Record-keeping

The case manager will maintain clear records about any case where the allegation or concern meets the criteria above and store them on the individual's confidential personnel file for the duration of the case.

The records of any allegation that, following an investigation, is found to be malicious or false will be deleted from the individual's personnel file (unless the individual consents for the records to be retained on the file).

For all other allegations (which are not found to be malicious or false), the following information will be kept on the file of the individual concerned:

- A clear and comprehensive summary of the allegation
- Details of how the allegation was followed up and resolved
- Notes of any action taken, decisions reached and the outcome
- A declaration on whether the information will be referred to in any future reference

In these cases, the school will provide a copy to the individual, in agreement with children's social care or the police as appropriate.

Where records contain information about allegations of sexual abuse, we will preserve these for the Independent Inquiry into Child Sexual Abuse (IICSA), for the term of the inquiry. We will retain all other records at least until the individual has reached normal pension age, or for 10 years from the date of the allegation if that is longer.

References

When providing employer references, we will:

- Not refer to any allegation that has been found to be false, unfounded, unsubstantiated or malicious, or any repeated allegations which have all been found to be false, unfounded, unsubstantiated or malicious
- Include substantiated allegations, provided that the information is factual and does not include opinions

Learning lessons

After any cases where the allegations are *substantiated*, the case manager will review the circumstances of the case with the local authority's designated officer to determine whether there are any improvements that we can make to the school's procedures or practice to help prevent similar events in the future.

This will include consideration of (as applicable):

- Issues arising from the decision to suspend the member of staff
- The duration of the suspension
- Whether or not the suspension was justified
- The use of suspension when the individual is subsequently reinstated. We will consider how future investigations of a similar nature could be carried out without suspending the individual

For all other cases, the case manager will consider the facts and determine whether any improvements can be made.

Non-recent allegations

Abuse can be reported, no matter how long ago it happened.

We will report any non-recent allegations made by a child to the LADO in line with our local authority's procedures for dealing with non-recent allegations.

Where an adult makes an allegation to the school that they were abused as a child, we will advise the individual to report the allegation to the police.

Section 2: concerns that do not meet the harm threshold

This section applies to all concerns (including allegations) about members of staff, including supply teachers, volunteers and contractors, which do not meet the harm threshold set out in section 1 above.

Concerns may arise through, for example:

- Suspicion
- Complaint
- Disclosure made by a child, parent or other adult within or outside the school
- Pre-employment vetting checks

We recognise the importance of responding to and dealing with any concerns in a timely manner to safeguard the welfare of children.

Definition of low-level concerns

The term 'low-level' concern is any concern – no matter how small – that an adult working in or on behalf of the school may have acted in a way that:

- Is inconsistent with the staff code of conduct, including inappropriate conduct outside of work, **and**
- Does not meet the allegations threshold or is otherwise not considered serious enough to consider a referral to the designated officer at the local authority

Examples of such behaviour could include, but are not limited to:

- Being overly friendly with children
- Having favourites
- Taking photographs of children on their mobile phone
- Engaging with a child on a one-to-one basis in a secluded area or behind a closed door
- Using inappropriate sexualised, intimidating or offensive language

Sharing low-level concerns

We recognise the importance of creating a culture of openness, trust and transparency to encourage all staff to share low-level concerns so that they can be addressed appropriately.

We will create this culture by:

- Ensuring staff are clear about what appropriate behaviour is, and are confident in distinguishing expected and appropriate behaviour from concerning, problematic or inappropriate behaviour, in themselves and others
- Empowering staff to share any low-level concerns
- Empowering staff to self-refer
- Addressing unprofessional behaviour and supporting the individual to correct it at an early stage
- Providing a responsive, sensitive and proportionate handling of such concerns when they are raised
- Helping to identify any weakness in the school's safeguarding system

Responding to low-level concerns

If the concern is raised via a third party, the headmaster will collect evidence where necessary by speaking:

- Directly to the person who raised the concern, unless it has been raised anonymously and asking them to complete a 'Low-level referral' form on the Intranet
- To the individual involved and any witnesses

The headmaster will use the information collected to categorise the type of behaviour and determine any further action, in line with the school's code of conduct.

For more information, see the report below:

Record keeping

All low-level concerns will be recorded in writing. In addition to details of the concern raised, records will include the context in which the concern arose, any action taken and the rationale for decisions and action taken.

Records will be:

- Kept confidential, held securely and comply with the DPA 2018 and UK GDPR
- Reviewed so that potential patterns of concerning, problematic or inappropriate behaviour can be identified. Where a pattern of such behaviour is identified, we will decide on a course of action, either through our disciplinary procedures or, where a pattern of behaviour moves from a concern to meeting the harms threshold as described in section 8.12, we will refer it to the designated officer at the local authority
- Retained at least until the individual leaves employment at the school

Where a low-level concern relates to a supply teacher or contractor, we will notify the individual's employer, so any potential patterns of inappropriate behaviour can be identified.

References

We will not include low-level concerns in references unless:

- The concern (or group of concerns) has met the threshold for referral to the designated officer at the local authority and is found to be substantiated; and/or
- The concern (or group of concerns) relates to issues which would ordinarily be included in a reference, such as misconduct or poor performance

9. Notifying parents or carers

Where appropriate, we will discuss any concerns about a child with the child's parents. The DSL will normally do this in the event of a suspicion or disclosure.

Other staff will only talk to parents about any such concerns following consultation with the DSL.

If we believe that notifying the parents would increase the risk to the child, we will discuss this with the local authority children's social care team before doing so.

In the case of allegations of abuse made against other children, we will normally notify the parents of all the children involved.

10. Complaints and concerns about school safeguarding policies

10.1 Complaints against staff

Complaints against staff that are likely to require a child protection investigation will be handled in accordance with our procedures for dealing with allegations of abuse made against staff.

10.2 Other complaints

Other complaints should follow the Complaints Procedure Policy

Early years providers should take account of requirements related to complaints set out in the safeguarding and welfare section of the statutory framework for the Early Years Foundation Stage

10.3 Whistle-blowing

For concerns about malpractice, staff should refer to the staff grievance, disciplinary and whistleblowing policy.

Early years providers should also note the requirements set out in paragraph 3.75 of the statutory framework for the Early Years Foundation Stage; you may wish to cover these here if not already covered in a separate policy.

11. Record-keeping

We will hold records in line with our records retention schedule.

All safeguarding concerns, discussions, decisions made and the reasons for those decisions, must be recorded in writing. If you are in any doubt about whether to record something, discuss it with the DSL.

Concerns and referrals will be kept in a separate child protection file for each child.

Any non-confidential records will be readily accessible and available. Confidential information and records will be held securely and only available to those who have a right or professional need to see them.

Safeguarding records relating to individual children will be retained for a reasonable period of time after they have left the school.

Safeguarding records which contain information about allegations of sexual abuse will be retained for the Independent Inquiry into Child Sexual Abuse (IICSA), for the term of the inquiry.

If a child for whom the school has, or has had, safeguarding concerns moves to another school, the DSL will ensure that their child protection file is forwarded promptly and securely, and separately from the main pupil file. In addition, if the concerns are significant or complex, and/or social services are involved, the DSL will speak to the DSL of the receiving school and provide information to enable them to have time to make any necessary preparations to ensure the safety of the child.

The following outline our record keeping procedures:

Safeguarding records are maintained securely using CPOMs.

We record pastoral concerns on the ISAMS Wellbeing Module and Safeguarding concerns on CPOMS

In addition:

volunteers Appendix 1 sets out our policy on record-keeping specifically with respect to recruitment and pre-employment checks

8.12 of this document covers record keeping for allegations against staff

12. Monitoring arrangements

This policy will be reviewed at least **annually** by the Deputy Head Pastoral, or whenever needed in response to issues as they emerge or following a 'lessons learnt' review. At every review, it will be approved by the full governing board.

13. Links with other policies

This policy should be viewed in conjunction with the following related WSNL policies and procedures, the Pastoral Handbook and the Teaching Guidelines:

Anti-Bullying Strategy

Appendix 1: safer recruitment and DBS checks – policy and procedures

Recruitment and selection process

To make sure we recruit suitable people, we will ensure that those involved in the recruitment and employment of staff to work with children have received appropriate safer recruitment training.

We have put the following steps in place during our recruitment and selection process to ensure we are committed to safeguarding and promoting the welfare of children.

Online searches will continue to be undertaken as part of safer recruitment procedures in accordance with KCSIE 2026.

Advertising

When advertising roles, we will make clear:

- Our school's commitment to safeguarding and promoting the welfare of children
- That safeguarding checks will be undertaken
- The safeguarding requirements and responsibilities of the role, such as the extent to which the role will involve contact with children
- Whether or not the role is exempt from the Rehabilitation of Offenders Act 1974 and the amendments to the Exceptions Order 1975, 2013 and 2020. If the role is exempt, certain spent convictions and cautions are 'protected', so they do not need to be disclosed, and if they are disclosed, we cannot take them into account

Application forms

Our application forms will:

- Include a statement saying that it is an offence to apply for the role if an applicant is barred from engaging in regulated activity relevant to children (where the role involves this type of regulated activity)
- Include a copy of, or link to, our child protection and safeguarding policy and our policy on the employment of ex-offenders

Shortlisting

Our shortlisting process will involve at least 2 people and will:

- Consider any inconsistencies and look for gaps in employment and reasons given for them
- Explore all potential concerns

Once we have shortlisted candidates, we will ask shortlisted candidates to:

- Complete a self-declaration of their criminal record or any information that would make them unsuitable to work with children, so that they have the opportunity to share relevant information and discuss it at interview stage. The information we will ask for includes:
 - If they have a criminal history
 - Whether they are included on the barred list
 - Whether they are prohibited from teaching
 - Information about any criminal offences committed in any country in line with the law as applicable in England and Wales
 - Any relevant overseas information
- Sign a declaration confirming the information they have provided is true

Seeking references and checking employment history

We will obtain references before interview. Any concerns raised will be explored further with referees and taken up with the candidate at interview.

When seeking references we will:

- Not accept open references
- Liaise directly with referees and verify any information contained within references with the referees
- Ensure any references are from the candidate's current employer and completed by a senior person. Where the referee is school based, we will ask for the reference to be confirmed by the headmaster/principal as accurate in respect to disciplinary investigations
- Obtain verification of the candidate's most recent relevant period of employment if they are not currently employed
- Secure a reference from the relevant employer from the last time the candidate worked with children if they are not currently working with children
- Compare the information on the application form with that in the reference and take up any inconsistencies with the candidate
- Resolve any concerns before any appointment is confirmed
- Inform candidates that online searches may be done as part of pre-recruitment checks

Interview and selection

When interviewing candidates, we will:

- Probe any gaps in employment, or where the candidate has changed employment or location frequently, and ask candidates to explain this
- Explore any potential areas of concern to determine the candidate's suitability to work with children
- Record all information considered and decisions made

Pre-appointment vetting checks

We will record all information on the checks carried out in the school's single central record (SCR). Copies of these checks, where appropriate, will be held in individuals' personnel files. We follow requirements and best practice in retaining copies of these checks, as set out below.

New staff

All offers of appointment will be conditional until satisfactory completion of the necessary pre-employment checks. When appointing new staff, we will:

- Verify their identity
- Obtain (via the applicant) an enhanced DBS certificate, including barred list information for those who will be engaging in regulated activity (see definition below). We will obtain the certificate before, or as soon as practicable after, appointment, including when using the DBS update service. We will not keep a copy of the certificate for longer than 6 months, but when the copy is destroyed we may still keep a record of the fact that vetting took place, the result of the check and recruitment decision taken
- Obtain a separate barred list check if they will start work in regulated activity before the DBS certificate is available
- Verify their mental and physical fitness to carry out their work responsibilities
- Verify their right to work in the UK. We will keep a copy of this verification for the duration of the member of staff's employment and for 2 years afterwards
- Verify their professional qualifications, as appropriate
- Ensure they are not subject to a prohibition order if they are employed to be a teacher
- Carry out further additional checks, as appropriate, on candidates who have lived or worked outside of the UK. Where available, these will include:
 - For all staff, including teaching positions: [criminal records checks for overseas applicants](#)
 - For teaching positions: obtaining a letter of professional standing from the professional regulating authority in the country where the applicant has worked
- Check that candidates taking up a management position* are not subject to a prohibition from management (section 128) direction made by the secretary of state

* Management positions are most likely to include, but are not limited to, headmasters, principals and deputy/assistant headmasters.

We will ensure that appropriate checks are carried out to ensure that individuals are not disqualified under the 2018 Childcare Disqualification Regulations and Childcare Act 2006. Where we take a decision that an individual falls outside of the scope of these regulations and we do not carry out such checks, we will retain a record of our assessment on the individual's personnel file. This will include our evaluation of any risks and control measures put in place, and any advice sought.

Regulated activity means a person who will be:

- Responsible, on a regular basis in a school or college, for teaching, training, instructing, caring for or supervising children; or
- Carrying out paid, or unsupervised unpaid, work regularly in a school or college where that work provides an opportunity for contact with children; or
- Engaging in intimate or personal care or overnight activity, even if this happens only once and regardless of whether they are supervised or not

Existing staff

In certain circumstances we will carry out all the relevant checks on existing staff as if the individual was a new member of staff. These circumstances are when:

- There are concerns about an existing member of staff's suitability to work with children; or
- An individual moves from a post that is not regulated activity to one that is; or
- There has been a break in service of 12 weeks or more

We will refer to the DBS anyone who has harmed, or poses a risk of harm, to a child or vulnerable adult where:

- We believe the individual has engaged in [relevant conduct](#); or
- We believe the individual has received a caution or conviction for a relevant (automatic barring either with or without the right to make representations) offence, under the [Safeguarding Vulnerable Groups Act 2006 \(Prescribed Criteria and Miscellaneous Provisions\) Regulations 2009](#); or
- We believe the 'harm test' is satisfied in respect of the individual (i.e. they may harm a child or vulnerable adult or put them at risk of harm); and
- The individual has been removed from working in regulated activity (paid or unpaid) or would have been removed if they had not left

Agency and third-party staff

We will obtain written notification from any agency or third-party organisation that it has carried out the necessary safer recruitment checks that we would otherwise perform. We will also check that the person presenting themselves for work is the same person on whom the checks have been made.

Contractors

We will ensure that any contractor, or any employee of the contractor, who is to work at the school has had the appropriate level of DBS check (this includes contractors who are provided through a PFI or similar contract). This will be:

- An enhanced DBS check with barred list information for contractors engaging in regulated activity
- An enhanced DBS check, not including barred list information, for all other contractors who are not in regulated activity but whose work provides them with an opportunity for regular contact with children

We will obtain the DBS check for self-employed contractors.

We will not keep copies of such checks for longer than 6 months.

Contractors who have not had any checks will not be allowed to work unsupervised or engage in regulated activity under any circumstances.

We will check the identity of all contractors and their staff on arrival at the school.

For self-employed contractors such as music teachers or sports coaches, we will ensure that appropriate checks are carried out to ensure that individuals are not disqualified under the 2018 Childcare Disqualification Regulations and Childcare Act 2006. Where we decide that an individual falls outside of the scope of these regulations and we do not carry out such checks, we will retain a record of our assessment. This will include our evaluation of any risks and control measures put in place, and any advice sought.

Trainee/student teachers

Where applicants for initial teacher training are salaried by us, we will ensure that all necessary checks are carried out.

Where trainee teachers are fee-funded, we will obtain written confirmation from the training provider that necessary checks have been carried out and that the trainee has been judged by the provider to be suitable to work with children.

In both cases, this includes checks to ensure that individuals are not disqualified under the 2018 Childcare Disqualification Regulations and Childcare Act 2006.

Volunteers

We will:

- Never leave an unchecked volunteer unsupervised or allow them to work in regulated activity
- Obtain an enhanced DBS check with barred list information for all volunteers who are new to working in regulated activity
- Carry out a risk assessment when deciding whether to seek an enhanced DBS check without barred list information for any volunteers not engaging in regulated activity. We will retain a record of this risk assessment
- Ensure that appropriate checks are carried out to ensure that individuals are not disqualified under the 2018 Childcare Disqualification Regulations and Childcare Act 2006. Where we decide that an individual falls outside of the scope of these regulations and we do not carry out such checks, we will retain a record of our assessment. This will include our evaluation of any risks and control measures put in place, and any advice sought
- The School will review volunteer roles against current KCSIE 2026 regulated activity requirements and undertake DBS and safeguarding checks as appropriate.

- Under the EYFS framework, volunteers must not be permitted to begin working within the school until we have received the volunteer's enhanced DBS certificate including barred list information.

Governors

All governors will have an enhanced DBS check without barred list information.

They will have an enhanced DBS check with barred list information if working in regulated activity.

The chair of the board will have their DBS check countersigned by the secretary of state.

All proprietors, trustees, local governors and members will also have the following checks:

- A section 128 check (to check prohibition on participation in management under [section 128 of the Education and Skills Act 2008](#)). Section 128 checks are only required for local governors if they have retained or been delegated any management responsibilities.
- Identity
- Right to work in the UK
- Other checks deemed necessary if they have lived or worked outside the UK

All governors will also have the following checks:

- Identity
- Right to work in the UK
- Other checks deemed necessary if they have lived or worked outside the UK

Staff working in alternative provision settings

Where we place a pupil with an alternative provision provider, we obtain written confirmation from the provider that they have carried out the appropriate safeguarding checks on individuals working there that we would otherwise perform.

Adults who supervise pupils on work experience

When organising work experience, we will ensure that policies and procedures are in place to protect children from harm.

We will also consider whether it is necessary for barred list checks to be carried out on the individuals who supervise a pupil under 16 on work experience. This will depend on the specific circumstances of the work experience, including the nature of the supervision, the frequency of the activity being supervised, and whether the work is regulated activity.

Pupils staying with host families

Where the school makes arrangements for pupils to be provided with care and accommodation by a host family to which they are not related (for example, during a foreign exchange visit), we will request enhanced DBS checks with barred list information on those people.

Where the school is organising such hosting arrangements overseas and host families cannot be checked in the same way, we will work with our partner schools abroad to ensure that similar assurances are undertaken prior to the visit.
